#### 4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:

##### **Introduction**

*The Promotion and Publicity Commission has one of the most important roles in our sport: from ensuring our place in every Olympic Games, to providing a dream to every fencer who wants to reach the top, and then promoting every fencer when they get there.*

*But the traditional media environment has changed. At Rio 2016, NBC reported that 80% of American viewers were on streaming devices like phones and iPads, compared with only 20% on Television. Sports fans go to Twitter and Facebook to read and write the news, they don't wait for it to come to them. This is not the "future" - it is here already.*

*It is critical that we continue to embrace new forms of publicising our sport - I would love to help take our sport through the next 4 years and beyond.*

##### **Promotion and Publicity Skills and Experience**

*In November 2015 I created the Facebook Page "Fencing - Qualification for Rio 2016 Olympics" (<http://www.facebook.com/FencingRio2016/>). It now has over 15,000 individual followers and over 20,000 views every week.*

*The Facebook page published my calculations of Olympic qualification rankings after every competition, every weekend. This allowed me to update fencers, coaches, officials and supporters on the live qualification standings using only competition results from the FIE website.*

*By the end of the season, my Excel ranking model could calculate qualification scenarios in real-time, and alongside FIE Media personality Karim Bashir we updated the fencing world on Facebook and Twitter after every direct elimination match.*

##### **Fencing Experience**

*FIE Referee at 9 Senior, Junior, and Veteran World Championships, 2009-2016*

*Competitor at the 2005 Junior World Championships in Men's Epee – Linz, Austria*

*Gold medal in men's epee teams, 2006 Commonwealth Junior Fencing Championships – Chennai, India*

##### **Personal information**

*Australian citizen, living in London for 10 years*

*Graduate of City, University of London – BSc Economics*

*7 years experience in investment banking and private investment*

*My current position is a financial analyst for a Polish investment company in London*

*I would be an asset for the Publicity and Promotion Commission as I actually have made Publicity and Promotion a Career. In addition, the sport of fencing has been the sport of my family for over 60 years and now we have been fencing for 3 generations. Some of my accomplishments have been to promote fencing in areas that the sport has not been well known such as in my own country in the US Virgin islands, when I started The Blades Fencing Club for children. I also successfully participated in the first International Fencing Mob in 2014, over 100 fencers joined and all this one done through SOCIAL MEDIA PLATFORMS. I consider myself an innovator and highly creative extraordinary idea professional. These qualities are essential in the Publicity and Promotion Commission. If I do get the honor of being part of it, I will make sure that all continents are always being considered in this commission as this is essential and of vital importance for our Sport of Fencing to grow.[Hartford Fencing Flash Mob 2014](#)*

#### **4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:**

*Born in Lisbon, Clauso Neves discovered fencing in 1971, when he was just 13, and it soon became his sport of love and vocation. Working with dedication he was for several years a member of the Portuguese national teams both in foil and epee, conquering national titles in both weapons in the 70's and 80's. Apart from a competitive fencer, he was also coach, referee and TV commentator, keeping close to our sport all his life.*

*In 2006, following the resignation of the previous board of directors of the Portuguese Fencing Federation, he became Vice-President of the institution, role he still plays today. Under the presidency of Frederico Valarinho, with whom he works closely, he took an important part in the tremendous effort needed to save the Portuguese Federation of the situation of technical bankruptcy that lasted for decades. Simultaneously, he was crucial in the complete renewal process of the federation's image - which had remained untouched since the 20's.*

*Professionally, he worked in Portuguese national television before starting his own company in the areas of advertising, photography and cinema, working for some of the largest global companies - like Lever, Procter & Gamble, Pizza Hut, Avon, Martini, Orange, Vodafone, Burger King, Kentucky Fried Chicken, among many others. Despite not being elected for the Promotion and Publicity commission in 2012, he once again presents his candidature, considering that his knowledge and expertise in the area can be useful for FIE and for fencing in general.*
