

## TO ALL THE MANUFACTURERS THAT MAY BE CONCERNED

### Technical rule T.124 - Unwillingness to fight

Lausanne, December 24<sup>th</sup> 2018

The last Congress in Paris decided a new system to avoid the unwillingness to fight (non-combativity), introducing a new system of penalties with new cards (yellow, red, black) also called "P Card".

it is therefore necessary for this new card to be signaled in the signaling devices and, consequently, also on the repetition boards and TV graphics.

it is also necessary that the score by "P Card" is stored by competition software.

The modifications of the devices, softwares and communication protocols are very urgent, the systems must work, at least on an experimental basis, for the Junior and Cadets World Championships in Torun.

So, all the manufacturers involved please contact the SEMI commission to discuss the needed modifications.

Yours faithfully

President of the SEMI

Semen Rikhtman Jacek Bierkowski
