4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:

I am a member of the European Fencing Confederation (EFC) SEMI-commission since 2013. I have participated as SEMI delegate in the following European championships:

- U23 championships in Tbilisi, Georgia 2014*
- Cadet and Junior championships in Maribor, Slovenia 2015*
- Senior championships in Torún, Poland 2016*

I was responsible for the weapon control in the last Grand Prix in Epée in Stockholm, Challenge Bernadotte, in 2012 where I worked closely with StM who provided the wireless equipment used in the competition.

I am a member of the Swedish MRS (Material, Rules and Safety) commission to the Swedish Fencing Federation. This committee is responsible for handling matters related to the use of fencing equipment, proposing new rules, and for the general safety of fencing in Sweden. We have active dialogues with other fencing federations as well as fencing equipment manufacturers.

I am the chairman of the Swedish referee commission since 2014 and in that position I am a co-opted member of the board of the Swedish Fencing Federation.

I passed the examination to become an FIE B referee in Epée in Jerusalem in 2014.

I am the competition director of the only remaining FIE competition in Sweden, the Satellite World Cup for Senior men and women, SAF-pokalen and Rehbinderska priset, held in January of each year. I have managed several competitions including the Swedish national team championship since 2013.

I have more than 33 years' experience from the IT-industry and I currently work as a Technical Business Development Executive in IBM's services division (Global Technology Services - GTS). I have worked as a lead Technical Architect in many large, complex and international IT-outsourcing deals and have experience in designing complex technical solutions. I have also been CTO and lead architect for IBM's Nordic delivery organisation.

4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:

Brief Biography,

I am fencing since I was 9 years old. I was an active competitive fencer in Foil until the age of 29. I represented my country, Israel, in few World Championships and World Cups.

*In 1984, I graduated from **college** as a computer programmer. With my retirement from competitive fencing, I started to coach children. In the early 90's, I finished a coaching course (I have a certificate of completion).*

In 1989, I successfully passed the Foil referee test, and in 2008 I successfully passed the Epee test, and in 2014 I successfully passed the SABRE test referee. Currently, I have a very rich and worldwide referee career. In addition to competitions in Israel, I also ref in abroad tournament in Foil and Epee (you can see my activity as a referee on line).

I coach in 2 fencing clubs in Israel in addition to being an active referee and a competition organizer, managing local and national competitions.

I have a lot of experience and knowledge in the field of coaching, referring and tournament organizations and technical high level knowledge to.

I wish to contribute the knowledge and experience that I have gained over decades of activities to the FIE SEMI commission.

I seek to be elected into the FIE SEMI fencing commission.

Certificates: B rated referee in Foil , Epee , SABRE

Certificate: Certified Fencing coach

Certificate: Collage "Computer programmer"

Other strengths:

1. Creative thinking

2. Excellent personal skills

3. Know how to work in a team environment

Li has been one of the world's foremost armorers in the world for the past four decades. In addition to serving as the Technician Chef du Contrôle at three Olympic Games (1984, 1996 and 2000) and the 1989 Senior World Championships, Li can be found in the armory at all major events in the United States, including the USA Fencing National Championships, North American Cups and National Collegiate Championships.

During the course of his career, Li has worked as Team USA's armorer for eight Junior and Senior World Championships as well as two World University Games and two Veteran World Championships and will be inducted into the USA Fencing Hall of Fame in 2017.

A member of the USA Fencing SEMI Commission, Li earned his bachelor's degree from Wesley University and his master's degree from the State University of New York at Buffalo.

Li has designed fencing salles throughout the country, including rooms at Notre Dame University, Temple University, Princeton University, Yale University, the New York Athletic Club, Manhattan Fencing Center, Morehouse Fencing and the Fencers Club.

In addition, Li has served as the varsity fencing coach at The Pingry School in New York – a program that has produced many top fencers, including 2004 Olympian Dan Kellner.

4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:

I am Juliana Seow, President of Fencing Singapore, and my words will be straight from my heart. I humbly request your support for the FIE Semi Commission. If you will allow me, I would like to share with you about myself and my work, and hope that you will consider me a worthy candidate.

i For those of you whom I have had the privilege to work with, you will know that I will always seek to act with principle and dignity. If elected, I am willing to work hard as a member of the FCA Semi Commission, putting fencing interests first, and always with fairness and justice.

ii My work in the Fencing community has given me many important insights. I have been an athlete, coach, manager, member, and parent. I am currently involved in practically every aspect of the sport and understand the challenges faced by the different stakeholders; no matter the challenges, I have always tried to create a win-win situation for all.

iii My professional experience as a Project Manager in the exhibitions industry, as well as a marketing and branding consultant, has equipped me with the necessary skills to perform the functions at the highest levels of sport – from management of elite athletes; to matters of public relations; to developing a vision for the growth of sporting performance in Singapore; and critical technical on site expertise for chemical processing and oil & gas industries.

iv My education is in Mechanical Engineering and International Marketing; My team and I have had the honour of organizing and hosting the successful Asian Fencing Championships 2015, two weeks after the SEA Games. Held in Singapore for the first time, we have had tremendous support from you, our regional friends with 27 participating countries, 356 fencers, and 81 teams. I have been able to put to good use my technical interest and expertise in the setup despite facing challenging situations.

v I have been fortunate to have the support of the Singapore sports fraternity and have been elected to join the Exco of the Singapore National Olympic Council. Through this, I have been exposed to many different opportunities and challenges from all sports.

If elected, I will use my experience to work with you for the betterment of the fencing fraternity; whether it is to help our fencing fraternity, or to seek out ways to help build our fencing community.

4. Diplômes, formation, expérience sportive / Diplomas, education, sport experience / Diplomas, formación, experiencia deportiva:

Education

1975-1980: student of Mariupol Iron and Steel Institute. Department of metal working (rolling and forgings).

Specialty: engineer metallurgist.

1982-1985: Postgraduate student of Ukrainian Research Institute of Metals, specialty: metal pressure treatment, metal heat treatment.

1987: Defense of the thesis "Development of a production process of shaped profiles with open asymmetry of the crossed section" in Polytechnic Institute of Donetsk by specialty "Metal pressure treatment".

Science activity

Author of more than twenty research papers concerning rolling and heat treatment of metals.

Co-author of 17 invention of USSR in the field of metal pressure treatment, metal heat treatment, non-destructive metal testing. Five inventions were implemented into production with total cost impact of 1,2 million rubles (USRR, 1988). Honored inventor of the USSR.

The developed technique and algorithm for calculating thermal deformation of high-quality profiles are implemented and used in educational, scientific and technical activities of the Donetsk Polytechnic Institute (Donetsk), the Urals Polytechnic Institute (Sverdlovsk).

Scientific research has been conducted on more than ten metallurgical enterprises of the USSR including Yenakiyev Metallurgical Plant (Ukraine), Nizhneserginsk Metallurgical Plant (Russia), Bekabad Metallurgical Plant (Uzbekistan).

In the field of fencing products developed and introduced technologies of fencing blades of maraging steel, including smelting, forging steel bars, rolling metal profiles, forging of fencing blade semi-finished piece, thermal treatment of a blade. A production technology of blades made from medium alloy steel 45HN2MFA is developed. These blades were repeatedly homologated by the FIE.

Participated in elaboration of devices and design documentation of the "StM WIRELESS" project.

Professional activities

Professional PC user with system administration skills level (Windows, Linux). Flexibility in DNS, Postfix, Apache, Samba etc.

Professional competence in machine languages: Java, Pascal, HTML. Competence in Basic, DBASE, Vaadin, Perl, Delphi etc.

Competence in data storage systems IBM DB, Oracle, MySQL, Postfix, 1C.

Competence in user's software Office, Photoshop, GIMP etc.

Professional experience

1997-2016: StM Trademark, Lugansk/Kharkiv, Ukraine

1980-1997: Ukrainian Research Institute of Metals, Kharkiv, Ukraine.
