Fencing in the XVIII Pan American Games

156 athletes from 16 countries reunited for this event

Members of the Women's Epee teams of the United States and Venezuela in combat choreographic symmetry

The modern facilities of the Convention Center of the City of Lima, Peru, served as the venue for the fencing competition of the XVIII Pan American Sports Games, with the presence of 156 athletes from 16 national federations that classified for this event in the six modalities of combat. All the competition was developed as scheduled in conjunction with the organizing committee and the teams designated for the different operational areas at the venue, who, with much professionalism, made their best effort to achieving success of the most important sporting event in our continent.

Staff in the technical directory was also composed of experienced professionals in

organización de eventos deportivos de clase mundial, por lo que lograron un flujo óptimo del programa de trabajo, destacando especialmente el trabajo del Sr. Dieter Lammer y la Sra. Inna Knysch, quienes contribuyeron con su amplia experiencia en Campeonatos Mundiales y Juegos Olímpicos, particularmente en lo que respecta a la gestión de la competencia, y la organización de arbitraje imprimiendo así una gran profesionalidad en la dirección de cada combate. Ms. Mirani Fernandes' support, who with her experience in the Rio 2016 Olympics, contributed to the right execution and operation of all activities that involved volunteers in their various work areas.

Third Quarter of 2019 The CPE in The Pan Americans

Not forgetting the work of: our Sports Director, Mr. José Benavides, Mr. Rigoberto Morejón, Mr. Luis Cruz, Dr. Lisa Huzel, Mrs. María Eberl and Ms. Melissa Alvarenga, who together with the other members of the Technical board followed up on each emerging situation of the competition that had to be resolved to ensure the continuity of the activities, so that they will definitely set a significant precedent for future competitions. We make a special and well-deserved mention of the body of referees who participated in these Games, many of them with extensive experience in World Championships and Olympic Games, providing great quality and professionalism to the competition. The 10 medalist countries in these games indicate that we are

on a good path, highlighting a development every time major in our continent which commits us to always look for the excellence and development of our fencers. We will continue with our development programs benefiting the National Federations to their technical and competitive growth to increase participation in the next Pan American Games in Santiago, Chile 2023.
