Important Notice

- This World Cup also serves as a Test Event for the Tokyo 2020 Olympic Games. Therefore, although this is a world cup competition, some of the operations will be conducted with the World Championship level (For example, wireless system) and procedures for the Olympic Games will be tested
- The competition will be held at Makuhari Messe, Chiba Prefecture. It is the same venue for Fencing in the Olympic Games. However, as this is a test event, the space of the venue is smaller than the one in the Olympic Games, and the facilities are not yet exactly the same as in the Olympic Games. For example, there are currently no shower rooms in the venue (so accommodation close to the venue is highly recommended).
- Accreditation and access control will be executed in the venue. Please make sure to prepare photos for accreditation (for procedure, please see the invitation document).
- Wireless system will be used. Fencers must bring their own conductive t-shirts.
- Filling in a questionnaire will be asked during the Test Event in order to collect comments from athletes, coaches, and officials to reflect for better preparation for the Tokyo 2020 Olympic Games.

Thank you for your cooperation.
