### United We Win! 1,260,285 impressions in Instagram

CDMX, México, Jun 30th, 2020. The first AF Virtual Intercontinental Jr. Sabre Cup 2020 has ended with great success. The first two places went to Modawi Allhayyal from Saudi Arabia and Martín Leal from Chile. However, it is global fencing unity the greatest victory, because our athletes chose to share

who returned 1,260,285 times in one week, committed to virtual competition on our Instagram page [@cpe.fencing](https://www.instagram.com/cpe.fencing) thus revealing a significant sociological event that happens right at the crossroads of the collective response to a pervasive virus, with the opportunities provided

the joy of fencing on our way to normality and to the "Tokyo 2020" Olympics to be held next year. A hundred athletes managed to summon 75,916 visitors

by social networks. The CPE will seek to develop this experience, as a means of mass advertising to promote fencing worldwide and attract new

future fencers, thus reaffirming its always innovative character.

In this series of Virtual Cups we appreciate and celebrate the participation of fencers from the other FIE Continental Confederations.

Thus, young athletes have shown their knowledge, passion for fencing and mutual respect under the same rules of Fair Play that enrich live competitions, to leave their

enthusiastic mark on organized sport through this event, first of its kind among the Olympic disciplines. We will soon open registrations for the Intercontinental Virtual Epee and Foil Cups, and we will announce two creative CPE projects that extend this innovative initiative. Let's go! Connect and Get Happy with your real friends and colleagues in this virtual environment!!!
