What's an Experience?

Airbnb Experiences are one-of-a-kind activities, hosted by locals - both online and in person. From healing stress through art therapy, to learning to tango with Argentinian experts; guests can explore experiences that tell the story of each Host's unique perspective and passion. Hosts immerse guests—locals and travelers alike—in their world, with each experience.

About Olympian and Paralympian Experiences

The Olympic and Paralympic Movements strive to build a more connected world through sport, and athletes are at the heart of that mission. Olympian and Paralympian experiences give guests special access to the world's best athletes, so they can discover the magic of the Games all year round, all around the world.

It's not a one-size-fits-all approach: there are different ways to host

Host Experiences Online or In Person

Connect with people from around the world and build your brand beyond the Olympic and Paralympic Games by hosting an Online Experience from the comfort of your home, or an in-person experience wherever your training takes you. Host any time of year as it makes sense for your life and training schedule. Build your experience from the things that made your athletic journey uniquely yours: your training regimen, mental approach, nutrition plan, or even share your worldview beyond sport.

GamesTime Experiences

This summer, we will showcase Olympian and Paralympian Experiences to our global audience during the Games. Bring the world along with you as you recount your Games experience, explain the intricacies of your sport's scoring, or if you're on the ground in Tokyo, share a special glimpse behind the scenes that brings guests into the moment.

Share your story during the *biggest* sports moment on the world's *biggest* stage - the Olympic or Paralympic Games.

Host Your Home + Your Experience

Help guests discover the magic of the Games all year round, all around the world, by sharing your home and an experience that even further immerses guests into your sport, and your unique perspective.

From digging into goal-setting over coffee, to catching up during a run through your local haunts, to sharing your favorite surfbreak for guests to then explore on their own; you can share your home and an experience that connects with guests over your passion for sport.

From Stays to Experiences, Airbnb empowers and serves all athletes, of all abilities, levels and goals.
