

**Dear President,**

### **Decisions of the Executive Committee**

Following the information letter 12-21 regarding the support for the resumption of competitions for the 2021–2022 season, the Executive Committee has made the following decisions:

- 1) Competition organisers are fully exempt from the payment of organising fees to the FIE for the 2021–2022 season.
- 2) An organisers support plan has been drawn up for a total amount of CHF 1,541,000 and is attached to this letter. It includes:
  - a subsidy from the FIE allocated to each organiser to pay for rapid COVID-19 tests, which must be carried out on site upon the arrival of participants, in accordance with the FIE Outline of Risk-Mitigation Requirements.
  - an emergency support grant (for example in the event of missing equipment), after transferring to a new organiser for a competition that was cancelled late.
  - equipment provided in the past for the Grand Prix (similar to the former contract with Tissot) will be covered by the FIE, directly through the provider contracted by the FIE.

We hope that these measures will support competition organisers and we sincerely thank them for their tremendous efforts in helping us implement the calendar.

**Alisher Usmanov**  
**President**
