According to the current situation in Bulgaria, depending of the Covid situation, it is possible to be necessary to repeat the test.

Identification of tested people is done via a bracelet. Losing the result of test and the bracelet will require retesting for a fee (20€). Being present in the competition without bracelet is associated with not having been controlled. It is an infringement to Covid regulations in Bulgaria and may be pursued by law enforcement. Authorities will be able to control at any moment. Also note that the validity of the RATs done at the competition are only valid for the event.
