## COVID PROTOCOL

### ***Serbia and COVID:***

COVID related conditions for entering Serbia can be found [here](#). Republic of Serbia does not have classification of the countries based on incidence, number of infected people per capita, type of COVID virus or similar. General protection procedures stated in previous segment of this document are advised. As of 12<sup>th</sup> of March all COVID restrictions are revoked. The mask wearing indoors is advised but not necessary.

### ***COVID and fencing***

#### **COVID Rules:**

FIE rules stated in [FIE outline risk-mitigation Covid-19](#) regulations will be applied.

#### **COVID Forms:**

To participate on the competition please refer to [FIE outline risk-mitigation Covid-19](#) regulations.

We remind you to have [Form B COVID-19 acknowledgment of risk and release from liability](#) signed, scanned and sent to [covidforms@mss.org.rs](mailto:covidforms@mss.org.rs) or to have it prepared and presented during presence confirmation.

We remind you also to have [Form C COVID-19 screening questionnaire for FIE event FIE](#) filled, signed and presented during inscription. **Both forms are mandatory for all participants direct or indirect!!**

## *Competition COVID protocol*

### *I. Before Travel*

Participants should ensure they take time to read and understand the steps that must be followed prior to their arrival in Serbia. All direct and indirect participants should:

- 1) Book accommodation and transportation through [Organization committee](#).
- 2) Read this document, fill the Annex B document and send it back to [covidforms@mss.org.rs](mailto:covidforms@mss.org.rs)
- 3) Monitor their health status continuously, including taking their temperature and monitoring for any symptoms, starting 14 days before the competition.
- 4) Limit their social interactions as much as possible, starting 14 days before the competition.
- 5) Make sure they know the latest information regarding COVID-19 testing and certificates required by their airline company.
- 6) Make sure that they have completed the necessary steps should they need to apply for a Visa.
- 7) It is strongly recommended to have travel insurance that covers COVID-19 care.

### *II. Arrival and airport transport*

Participants coming by plain will be transported to the official hotels for the **mandatory** upon-arrival Antigen test.

Participants coming by plain must use the official transportation provided by the Organization committee for arrival/departure and **no other public transportation means**.

During transport, all participants must respect the following requirements:

- Wearing a face mask is mandatory within official Event transportation.
- No food/drinks are allowed in transportation.

Participants coming to Serbia by their own car or minivan will be tested with RAT upon their arrival to the official hotel prior to check-in.

### *III. Testing and bracelets*

All participants, Direct and indirect will be tested at least once with Rapid antigen test (RAT). Testing will be done in the official hotels. The results will be done in 5 to 15 minutes. Testing will be done in smaller groups.

Upon negative result they will receive a bracelet.

Please note that all other procedures (registration, payment, weapon control) will not be possible before testing!

### *IV. Positive COVID-19 test result*

In the case of a participant gets a positive result for COVID-19 after an antigen test, he/she will have to take a PCR test. If a PCR test is positive, he/she will:

- 1) Be immediately placed into isolation in a single room (at their own cost)
- 2) He/she will be taken immediately to a doctor for examination
- 3) Depending on the doctor's examination conclusion, actions to be followed will be defined

If a participant has a positive PCR test, he/she will have to be placed in an isolation room at the expense of the participant / travel insurance if applicable, or at the designated hospital if needed. He/she will not be allowed to return to their country of origin until their isolation period has been completed.

The Organizations COVID-19 Manager will follow up on the patient's situation directly with the relevant Team Manager.

All individuals placed in isolation should be isolated for 7 days and not have any contact with any other individuals during that period. In case where the positive person does not have any symptoms, after 7 days he/she can finish their isolation without additional testing. If the person has symptoms, after **7 days** of isolation he/she will be tested again and can stop his/her isolation in case of negative PCR test.

In case of a positive result on PCR test after 7 days, the participant will continue his/her isolation for another 7 days but can be tested every day until negative result.

As a result of any isolation periods, the Organizations COVID-19 Manager will liaise with the hotel and support the National Federation with requirements.

The costs of quarantine, isolation, and medical care are at the expense of delegations/participants.

**It is strongly recommended to have an appropriate health insurance to cover routine medical healthcare, including COVID-19 care, hospitalization and, in case of isolation, that such insurance cover has no exclusions or limitations regarding the length of stay, as all costs related to a positive COVID-19 will have to be borne by the participant.**

#### *V. COVID Testing fees and results communication*

On arrival RAT costs will be supported by the organizers. Departure and other (symptoms/close contact/PCR test after a positive antigenic test) tests will be supported by the participant. PCR tests are 75€, RAT is 20€.

RAT results will be communicated directly to the participants 5-15 minutes after sampling. PCR test results will be distributed by email and text message to the tested participant within a maximum of 8h.

#### *VI. Testing points working hours*

The COVID-19 testing area located **in the venue** will be open

14.04.2022	09:00 – 18:00
15.04.2022	09:00 – 18:00

## VII. Return test

In case you need PCR/RAT test for return to your home country please send the request stating:

1. Name and last name of person getting tested
2. Type of test needed (RAT/PCR)
3. Date of testing

and send it to [returntest@mss.org.rs](mailto:returntest@mss.org.rs).

The cost of return test is on the expense of person getting the test or their federation.

Note that the PCR test can also be done on Belgrade airport 3h-4h before your flight. If you are using our transport services please state in the e-mail that you wish to be tested before flight so the pickup time can be modified accordingly.
