

Dear President,

Help for the federations organising senior competitions

The Executive Committee has put in place an urgent help process for the federations organising competitions, for:

- the video-refereeing which is mandatory at Grand Prix and World Cup competitions; and
- the wireless system which is mandatory at Grand prix competitions.

The FIE will offer financial aid to all federations organising a World Cup and/or Grand Prix competition, to contribute to the expenses linked to:

- the wireless system for the Grand Prix
- the video-refereeing for World Cup competitions

This FIE subsidy, up to 4.400 euros, will be paid directly to the service provider (wireless or video-refereeing).

Federations organising several competitions must indicate the name of the competition which will benefit from the above mentioned help to the FIE (only one competition per federation).

When a federation organises several competition and one of these has already taken place, the FIE subsidy will be automatically given to this competition.

The FIE accounting service will contact the federations concerned for the details of the financial help process.
