## 2. CV

With extensive experience in managing fencing and wheelchair fencing events, I have successfully organized competitions at all levels. As Technical Operations Manager for the Rio 2016 and Tokyo 2020 Olympic and Paralympic Games, I oversaw all technical aspects of the competitions and worked closely with the International Fencing Federation (FIE) to ensure smooth operations.

In addition to my experience in these global events, I have directed numerous national and international tournaments, including Central American and Pan American Championships, Junior and Senior World Cups, and Satellite Cups. My expertise in technical operations has been recognized through appointments as a delegate or director for various international competitions by both the FIE and World AbilitySport.

As the Technical Manager for the Costa Rican Fencing Federation, I actively contribute to the sport's development at the national level. I have also worked extensively on the creation of projects, programs, and operational manuals for various sports organizations, both nationally and internationally, helping to streamline processes and improve the administration of the sport.

I have been previously appointed to the FIE Rules Commission, where I contributed to refining and improving the rules that govern our sport. I hold an FIE B referee license in epee, and my academic background includes sports management and Olympic Academy training.

Fluent in Spanish, French, and English, I am committed to advancing fencing while ensuring fairness and excellence in competition.
