## 4. CV

I was born in Oradea (Romania) in 1975. At 12 my family moved to Hungary and I have been living here since then. I have graduated at University of Physical Education as a Sports Manager. Then, while working I continued my education at University of Pécs and earned a degree in Law. Later I continued my law studies and specialised to Sports law.

I started fencing at the age of 7 in Satu Mare, then I continued foil fencing in Hungary.

After my injury, I have still stayed close to fencing and started refereeing in foil, then later in epee. I have a FIE license in foil and epee. As a referee in wheelchair fencing I am licensed in 3 weapons.

I started to work in sports for the disabled as a Sports Manager and then Secretary General. After graduating at University of Law in Pecs, I got fundamental role in the world of sports development.

I have continued my work as the Chief Advisor to the Ministry being responsible for sports development of the State Secretary of Sport.

In 2016, I have got a request from the Prime Minister's Office to carry out an important reorganisation of state-owned companies operating in the field of Cultural Heritage Facilities in Hungary.

I can say that as Secretary General at the Hungarian Fencing Federation is a great honor for me to be responsible and had to carry out the extensive organization and, coordination of the Budapest World Championships in 2019 as well as numerous international events each year.

Previously I was participating in the coordination of the Budapest World Championships in 2013 too. It was also a great pleasure to accompany our teams to the Tokyo and Paris Olympics and experience the successes together with them.
