HISTORY

The first version of the FIE Administrative Rules was adopted at the Congresses of Milan and Buenos Aires, held in 1962, and subsequently completed and modified in the course of subsequent Congresses. The Special Commission that drew up the first FIE Administrative Rules was composed of Mr. Miguel de Capriles (M.H.), President and Mr. Charles L. de Beaumont (M.H.), Mr. Edoardo Mangiarotti (M.H.) and Mr. René Mercier (M.H.).

Since the 2003 Congress, held in Leipzig, the Administrative Rules of the FIE consists of a document separate from the Statutes. Modification of the Administrative Rules falls within the competence of the Executive Committee.

In 2004, these Rules were brought up to date and entirely revised by the Executive Committee.

PRINCIPLES

The Administrative Rules were adopted by the Executive Committee of the International Fencing Federation to regulate the normal proceedings of the administrative business of the F.I.E.

Between meetings of the Executive Committee, the Central Office of the F.I.E. is, however, authorised to suspend or modify the application of the Administrative Rules in abnormal or exceptional cases. These modifications will become the object of a report submitted for the approval of the Executive Committee at its next meeting.

CHAPTER 1

LICENCES AND NATIONALITY

1.1 The method for awarding FIE licences is determined in Chapter 9 of the FIE Statutes.

1.2 COMMITMENT

The national federations ordering an FIE licence confirm that the athletes who participate in FIE competitions undertake to:

1) abide by the provisions of the FIE Rules and Statutes ;

2) respect the FIE anti-doping Rules, use neither prohibited substances nor prohibited methods and agree to undergo any in competition and out-of competition testing;

3) transfer to the FIE, in FIE competitions, any individual or collective image rights and agree to be filmed (notably by the television), photographed, identified and registered in any way. The FIE undertakes to use these rights only in connection with the promotion and development of fencing on the aids below : publications and reviews, Internet website, audiovisual aids.

1.3 DELIVERY

All application for a licence or a renewal must be made by means of the FIE Internet Website and are only valid if the FIE has already been credited with the appropriate licence fee (in **Euro**/CHF) which is fixed by each Congress for the following season.

A licence is only issued if the following information is provided: family name, first name, nationality, date of birth, gender, personal address, right handed / left handed.

1.4 CHANGE OF NATIONALITY

Consult chapter 9.2 of the FIE Statutes.

As delegated by the Executive Committee, all "regular" change of nationality requests are decided by the Legal Commission's Executive Committee representative and by the CEO. The above mentioned persons are also designated to verify that the appropriate grounds for requesting the cancellation or reduction of the 3 year period were indeed presented. The Legal Commission's Executive Committee representative reports periodically on the changes examined.

The "non regular" change of nationality requests (for example a very high level athlete or the multiple transfer of athletes from a federation to another) are decided by the Executive Committee.

1.4.1 All athlete change of nationality requests must be made by the particular athlete's new federation.

1.4.2 Any change in country which a fencer represents is definitive; no further change can be authorised.

1.4.3 The federation requesting the change of nationality must forward the following documents to the FIE:

- a letter from the new federation accepting the transfer and requesting the cancellation or reduction of the 3 year period only for just reasons;
- a letter from the athlete requesting the change of nationality;
- a letter from the former federation accepting the transfer and requesting the cancellation or reduction of the 3 year period only for just reasons;
- a copy of the athlete's valid identity document (passport, ID national card,) indicating his/her new nationality;
- if the athlete is a minor, a letter from his/her parents requesting the change of nationality, and a photocopy of their passports;
- if the new nationality has been obtained by marriage, a copy of the marriage certificate and its official translation into English, or French or Spanish.

The FIE reserves the right to require any other documents and information it deems necessary in order to proceed with the study of the request for a change of nationality.

Any application for a change of nationality that does not contain all the information and documents required by the FIE will not be processed.

CHAPTER 2

INTERNATIONAL CALENDAR OF EVENTS

The official FIE calendar is composed of the competitions named as follows:

- Junior and Cadet World Championships
- **Senior** World Championships
- Veterans World Championships
- **Cadet World Cup events**
- Junior World Cup events (individual and team)
- Senior World Cup events (individual and team)
- Grand Prix competitions
- Satellite competitions
- Zonal junior and senior championships (**individual and team**)
- Masters **and Supermasters**
- **Qualifying events for the Olympic Games**

The Olympic Games are organised under the banner of the IOC.

To the exclusion of the Olympic Games, the FIE owns all right, title and interest, including any intellectual property right, in and to the above mentioned competitions, as well as any competition or event organized under its banner (the **FIE Competitions**).

In particular, and unless otherwise agreed in writing, the FIE is the sole owner and/or holder of:

- the right to allocate and/or supervise the organisation of FIE competitions;
- the right to name FIE competitions and use their denomination;
- any and all trademarks, logos and names of the FIE and the FIE Competitions;
- any and all marketing (including all by-products) and sponsorship rights;

These rights of the FIE can only be transferred by means of a written instrument signed by the FIE President, or the FIE Secretary General or CEO, if delegated by the President.

2.1 OLYMPIC GAMES

The place and date of the Olympic Games and the Youth Olympic Games are determined by the International Olympic Committee.

Each international Federation recognised by the IOC is responsible for the control and technical organisation of its sport.

The technical liaison with the Organizing Committee is ensured by the technical delegates of the FIE.

2.2 THE **SENIOR WORLD CHAMPIONSHIPS AND CADET/JUNIOR WORLD CHAMPIONSHIPS**

Their dates are determined by the Statutes and the Executive Committee determines their date, at least two years in advance.

2.3 THE WORLD VETERAN CHAMPIONSHIPS

The World Veteran Championships are held under the auspices of the FIE every year. The date and place are decided by the Executive Committee of the FIE Individual competitions are held in three age categories and at all weapons - 50-59 years' old, 60-69 years' old and 70+ respectively.

2.4 INTERNATIONAL COMPETITIONS

In principle, each national member federation has the right to organise international fencing competitions in the territory of its country without special permission from the Central Office or the Congress of the FIE being necessary.

However, any international event bringing together five countries or more requires the authorization of the FIE.

The national member federations must respect the Statutes and the Rules of the F.I.E. in everything concerning their inclusion in the international calendar and the conditions for the organisation of international events.

2.5 PRINCIPLES OF THE OFFICIAL FIE CALENDAR

2.5.1 The official FIE calendar includes: the World Cup competitions, both individual and team, the Grand Prix, the Satellite competitions, the World Championships, the Zonal Championships and the Olympic Games.

The calendar includes 6 weapons for [cadets](#), juniors, seniors and veterans: women's épée, men's épée, women's foil, men's foil, women's sabre and men's sabre. The official FIE calendar will take account of the following:

2.5.1.1 Junior [World Cup](#) competitions are limited to **8** individual events per weapon and [Cadet World Cup competitions are limited to 8 individual events per weapon](#).

Each Junior Individual World Cup is joined with a [Cadet World Cup](#) and a team Junior World Cup.

2.5.1.2 The senior competitions are limited to **8** events per weapon, consisting of **5** World Cups [individual and team](#), and 3 Grand Prix individual competitions.

2.5.1.3 The satellite competitions calendar includes between 6 and 8 events per weapon.

2.5.1.4 A member federation may only organise one [Cadet and Junior World Cup](#) per weapon and a maximum of **3** in total.

2.5.1.5 A member federation may only organise one senior World Cup or Grand Prix competition per weapon and a maximum of 3 in total.

2.5.1.6 [Competitions in the same weapon \(men's and women's\), in the same town and on the same dates count as two competitions.](#)

2.5.1.7 The Executive Committee determines dates and places of the [cadet](#), junior, senior and satellite competitions for the next season. The Executive Committee may also determine the calendar for two consecutive seasons, to help the national federations and to stabilize the calendar for Olympic qualification.

In principle:

- **Cadet and** Junior World Cup competitions are held between November and February.
- Senior World Cup competitions are held between November and May.
- in each weapon of the senior calendar, competitions are separated by two weeks.
- Junior and Senior World Cup competitions include an individual competition and a team competition.
- **Cadet World Cup competitions are organised in individual only and are coupled with junior world cups.**
- If **possible**, two World Cup competitions (men and women) at the same weapon **are** held on the same **dates** in the same city.
- Grand Prix competitions include one men's event and one women's event at the same weapon.
- In each weapon of the **cadet and** junior calendar, two competitions must be separated by at least two weeks.

The junior zonal Championships must be held during the Junior season.

The Senior zonal Championships must be held in June,

2.5.1.8 The new World Cup and Grand Prix events and the competitions which were cancelled during the past season, must be filed together with **financial (prices of hotels and transportation) and visa information**.

2.5.1.9 If a federation wishes to change the venue of a competition already accepted in the official calendar, they must submit this change to the FIE Sport Department and prove that it will be under the same organisation and that all the criteria for World Cup competitions will be faithfully followed. Otherwise, it will be treated as a new World Cup competition.

2.6 PREPARATION OF THE OFFICIAL FIE CALENDAR

2.6.1 Each year, the FIE Sport Department develops a proposed calendar for the next season. **It is submitted to the approval of the Executive Committee and published on the FIE website.** Besides the planned competitions, **the calendar may** contain a list of "back-up" competitions. These "back-up" competitions are activated by the FIE Sport Department.

2.6.2 The Executive Committee determines **the competitions included in the calendar** based on the following criteria: respect of **the FIE Statutes, rules and handbook of regulations, Supervisor's report, information received by the athletes** and request for renewal of the competition the following year. **If a competition is** not renewed the following year, the first back-up competition from the same continent will take the place of the competition which has not been renewed. **If there is no back-up competition on the same continent, a call for applications will be made to the Confederations of the other continents.**

2.6.3 Modification, cancellation

2.6.3.1 "Force majeure" is defined as follows: dissolution of the organizing federation, natural disaster, civil unrest, war, pandemic diseases.

2.6.3.2 Except in case of force majeure, any change of date or place of the competition less than 4 months prior to the scheduled date, will result in it's being assigned to a different organiser the following year.

2.6.3.3 Except in case of force majeure, any cancellation of the competition less than 3 months prior to the scheduled date will result in it's being assigned to a different organiser the following year, a fine of 10.000 CHF payable by the national federation to the FIE and the reimbursement, by the organisers, of the plane tickets of delegations having bought non-refundable or non-changeable tickets and non-refundable hotel rooms, upon presentation of the corresponding receipts.

2.6.3.4 Any cancellation must be immediately communicated to the FIE Sport Department which informs the Executive Committee and then the national federations.

The Executive Committee will then decide on the reassigning of the competition, after having:

- communicated with the federations of the same continent which have back-up competitions to allow them to become candidates and present [financial \(prices of hotels and transportation\)](#) and [visa](#) information.
- If no other federation of the same continent is a candidate, then the FIE must communicate with the federations on the other continents which must then present [financial \(prices of hotels and transportation\)](#) and [visa](#) information.
- The federation to which a competition is reassigned in this way only gets to organise it for the current season.

2.6.4 In case of force majeure, the withdrawal or the cancellation of a competition will not give rise to any compensation.

2.6.5 In case of force majeure, the Executive Committee may postpone or transfer the organisation of a tournament to another member federation, in which case all national federations are advised as soon as possible. In other circumstances, and at the latest 4 months prior to the scheduled date of the tournament, the Executive Committee may postpone or transfer the organisation of a tournament to another member federation.

CHAPTER 3

REFEREEING

3.1. PREPARING LISTS OF INTERNATIONAL REFEREES

International referees are the responsibility of the F.I.E. and are divided into two categories, A, B. All referees who do not figure on the list of international referees are the responsibility of their own national federation.

3.1.2 The candidates are proposed by the national federations within the deadlines laid down in 3.4.5. The candidates must be at least 20 years of age.

3.1.3 Category A is proposed by the F.I.E. Refereeing Commission to the FIE Executive Committee for referees on the category B list who have successfully performed the criteria for promotion to category A (see 3.5)

3.1.4 International referees must be at least 20 years of age. They remain on the FIE list until 30 June of the sports season in which they celebrate their 60th birthday.

3.1.6 A referee who is removed from the list of international referees for the reason stated in 3.1.5 must take again the full examination in the weapon(s) concerned.

3.2 USE OF INTERNATIONAL REFEREES

3.2.1 Category A and B referees may be used in all official F.I.E. competitions.

The refereeing examinations take place in special events organized by the FIE in collaboration with host federations in September and October for each zone and consists of 3 parts: theoretical examination, video analysis and practical examination.

Only the candidates who passed the theoretical examination and the video analysis test will be allowed to continue with the practical examination.

3.4.1. There will be one (1) General Refereeing Examination per year per continent in 3 weapons organized during a competition.

--	---	---

In case no General Refereeing Examination is organised during the year on one continent, then candidates from this continent can apply to the examination held on another continent, provided that the total number of the proposed candidates in that weapon is still under the number specified above for each continent.

These places are given on a first come – first served basis.

Otherwise a candidate cannot participate in an examination that takes place on another continent than his or hers.

3.4.4.2 The call (opening and closing) of the examinations is published on the FIE Website and is sent to all the National Federations of the continent concerned. Registrations open on the date the call is published. No candidatures/registration will be accepted before the call and after the deadline.

3.4.4.3 The process is as follows:

Step 1:

Step 2: At the latest 12 days prior to the examinations, national federations must confirm to the FIE their total number of candidates and register them on the FIE website.

Failure to confirm the number of candidates and/or to register them on the FIE website according to the deadline will result in the cancellation of the preliminary request of the national federation in step 1. No candidate will be authorized to participate in the examination if he/she has not been registered according to the deadline.

Step 3: At the latest 10 days prior to the examinations, the FIE must receive from national federations proofs of payment of the examination fees. If these proofs of payment have not been received by the FIE according to the deadline, applications will not be considered.

As an exception, federations which cannot make bank transfers must contact the FIE at the latest 10 days prior to the examinations in order to make payments on the spot, before the start of the Theoretical Examination.

3.4.5 Following the final date for receiving applications, the list of candidates shall be drafted taking into account their registration date.

The selection will be made according to the conditions outlined in paragraphs 3.4.4.1 and under the provisions of this paragraph.

The list of accepted candidates will be published on the FIE Website.

3.4.6 The Exam Panel is composed of minimum two and maximum four members of the Refereeing Commission, including at least two coming from another continent than the one in which the exam takes place, and if possible one (1) member of the Executive Committee of the FIE.

When Working Groups including Executive Committee members are created, the President defines the authority of each person as well as their timeframe for the accomplishment of missions.

5.1.1.5 Role of the Executive Committee at Congresses

Each member of the Executive Committee must contribute to the organisation process of the Congresses. There is a formal seating arrangement in the room for the members. They may express themselves on all items on the agenda, by asking the President if they may speak.

Subsequently, the Executive Committee will make a decision regarding the provisional affiliation of the federation. This provisional affiliation will then have to be ratified by the FIE Congress. Any federation receiving provisional affiliation is also granted full rights and obligations in relation to the FIE.

CHAPTER 11

PROCEDURE FOR AWARDING WORLD CHAMPIONSHIPS

by the FIE executive committee according to article 10.2.1 f) and g) of the Statutes

10.2.1 f) Should the Ordinary Congress two years before the year of the event be unable to decide by the above process which member federation will organise the World Championships, because no Completed Candidatures have been presented, the Executive Committee of the F.I.E. may itself decide which member federation will organise these Championships, if it receives one or more Completed Candidatures after the Congress has taken place pursuant to procedures to be outlined in the Administrative Rules.

10.2.1 g) The Executive Committee of the F.I.E. will have the same powers should the member federation to whom the organisation was entrusted by the Congress withdraw or in the event of any discriminatory act by the organising federation.

The application must contain:

- A letter requesting to host the championships from the applicant Federation
- A fully completed application form in compliance with the FIE requirements
- Plans for the installations
- The written undertaking to comply with the FIE handbook of regulations
- The required governmental and/or other financial guarantees

The application file will be examined by the Evaluation Committee in order to make sure that all the information required has been provided. The Evaluation Committee shall then inform the Executive Committee of its opinion. In this respect, it is advisable to bear in mind that the Evaluation Committee may request any other details it considers necessary.

Candidature Evaluation Committee

The Candidature Evaluation Committee has a key role to play in evaluating how successfully the cities can host the World Championships.

In the first instance it has to analyse the files submitted by the applicant cities and, secondly, carry out inspections in the field.

This committee consists of the Secretary General of the FIE, a member of the Executive Committee appointed by the President of the FIE whose nationality must not be the same as any of the applicants, the Sports Director and the CEO.

Before choosing the host city, the Committee will spend two days in each applicant city: it will meet the applicant committee several times to discuss the 14 topics covered by the applicant file and visits the proposed sites.

Topics for evaluating candidatures

- National and regional characteristics of the applicant city

- Organising committee and volunteers
- Finances
- Immigration and customs formalities
- Safety
- Sites
- Technology and equipment
- Accommodation
- Transport
- Health / Security system (including medical and anti-doping)
- Environmental protection
- Media and communication
- Sponsoring and Marketing
- Guarantees

After this process, the Evaluation Committee:

- 1) If it approves the application, confirming that all the information supplied is in fact correct, the application then becomes official and the city is then an official candidate;
- 2) Prepares an evaluation report for the Executive Committee and issues its recommendations.

Evaluation Report

Before the Executive Committee meets to select the host city, the Committee submits its report, providing a technical evaluation of the applicant cities.

This report helps the members of the Executive Committee gain a better understanding of the applications from the cities and proves useful when they are voting to choose the host city.

Vote of the Executive Committee

On the day the selection is made, each applicant city presents to the Executive Committee meeting a 20-minute presentation. This presentation is followed by a question and answer session. After the completion of all the presentations and Q&A sessions, the vote takes place and the host city will be selected.

When making its choice the Executive Committee must take into account the following aspects:

- The best conditions offered in relation to the 14 topics listed above
- For the purposes of universality, and, if the geography of the candidatures allows this, rotation around the continents holding these championships in the course of the Olympic cycle.

The members of the Executive Committee vote in a secret ballot. After each round of voting, the city which obtains the fewest votes is eliminated. The rounds of the ballot continue until one city obtains the absolute majority of the votes cast. If there is an absolute tie between the last two candidates, the President, if s/he is present will cast the deciding vote. If s/he is not present, the Secretary General shall cast the deciding vote.

The final result is announced by the President of the FIE. The announcement may be transmitted directly on TV.

CHAPTER 12

FIE Officials Code of Ethics

Everyone participating in FIE tournaments, whether as organiser, official either designated or invited, is an official. These are the referees, tournament directors, delegates, members of the FIE Executive Committee, representatives of the FIE President and employees or officers of the FIE.

Relations between these officials are regulated by the FIE Official Rules and Competition Handbook of Specifications.

It is imperative that the concerned officials answer their FIE letter of invitation within the deadline indicated, in order to allow for potential replacements.

Before every competition, the referees and tournament directors must find out about the latest modifications, additions and communications relative to the Rules and their application.

Referees must attend all the technical meetings scheduled the day before or the morning of the competition, together with the DT and the refereeing delegates.

Referees and tournament directors must commit to fulfill with complete impartiality their roles in respect of:

- the FIE Rules;
- the instructions of this Code of Ethics;
- the guidelines given by the Bureau of the FIE

Tournament directors work as a team and are obliged to respect the spirit of team work. All decisions, whether unanimous or adopted by a majority, are team decisions. All members of the team must avoid issuing comments or information, whether collectively or individually, outside of the working group.

During the whole competition period, and even outside the fencing gym and sport environment, FIE competition officials must demonstrate behaviour and attire which suit the role with which they have been entrusted.

FIE competitions' officials must respect the work of all officials and avoid denigrating the organizers, the referees or the officials, whether in public or while communicating with any delegation.

This attitude must not only prevail when the officials are working, but also when attending an FIE event as a spectator.

When communicating with the press or the media, the officials must avoid any critical or denigrating comment relative to the athletes, the delegations, the managing entities, and the work of other officials.

Anybody infringing this Code of Ethics will be subject to the sanctions stipulated in the FIE Disciplinary Code.

CHAPTER 13

CONTINENTAL CONFEDERATIONS - ROLES AND RESPONSIBILITIES

13.1 The essential role of the Confederation is to coordinate between the National Federations of its continent, continuously and through all contacts necessary, in order to develop and promote the practice of fencing as extensively as possible on its territory.

13.2 The Zonal Confederation is responsible for the strict application of the Statutes, Rules and regulations of the FIE on its continent.

13.3 Insofar as the tasks are carried out within the statutory framework of the FIE, the responsibilities of the Zonal Confederation can be defined as follows:

- a)** It proposes measures to the Executive Committee that it deems useful for the development and consolidation of fencing on its continent and works towards the creation of new National Federations.
- b)** It establishes, sets and proposes means of promotion likely to have the best impact.
- c)** It acts as a coordinator for the initiatives of the National Federations.

- f)** Six months before the following season, it proposes to the Executive Committee of the FIE the place and dates of its Zonal Championships, all age categories.
- g)** It carries out itinerant missions on its continent entrusted to it by the FIE with a view to reinforcing the National Federations.
- h)** It is responsible for the application of the four-year plan of the Confederations adopted by the Executive Committee of the FIE.
- i)** It verifies that the various aids granted by the FIE are used properly.
- j)** Each year it presents to the Secretary General beforehand and then to the Executive Committee of the FIE a report on its activities and a progress report on the four-year plan of the confederations, as well as a financial report and a draft budget.
- k)** At least 3 months in advance, it invites the President or the Secretary General of the FIE to attend the Confederation Congress. The agenda and any documents relative to the Congress are sent at least one month before the Congress.

CHAPTER 14

SAFEGUARDING PROCEDURES

Chapter 14 of the Administrative Rules details the safeguarding procedures mentioned in the Safeguarding Policy (Chapter XIII, FIE Statutes).

14.1 World Championships

The FIE Safeguarding Officers are appointed by the Executive Committee for the World Championships. At **World Championships**, the FIE Safeguarding Officers are responsible for coordinating and over-seeing the Safeguarding requirements of the competition (in liaison with the Directoire Technique and LOC).

14.1.1 In preparation for the event, the FIE Safeguarding Officers will be put in contact with the LOC in order to acquire information on the local legal framework and the existence of a safeguarding policy at national / local level.

14.1.2 They will hold meetings with officials, referees, heads of delegation and volunteers in order to draw attention to the FIE Safeguarding policy and procedures.

14.1.3 The FIE Safeguarding Officers at the World Championships will wear a badge identifying them as FIE Safeguarding Officers. They will be located at the Safeguarding stand or be walking around the competition area or venue. At any time at least one FIE Safeguarding Officer will be contactable outside of competition hours for the duration of the Championships. A safeguarding mobile phone will be issued for such purposes.

14.1.4 The FIE Safeguarding Officers must be contacted immediately should a safeguarding issue be identified. They will assess the situation and organise appropriate action.

14.1.5 The FIE Safeguarding Officers will be issued a tablet for the duration of the event. They will receive access to the address safeguarding@fie.ch in order to report. For internal reporting, all reports should be completed on the tablet, saved to a folder, and a copy of the report emailed using the account set up on that tablet to the address safeguarding@fie.ch, with no one in cc or bcc. Before returning the tablets, for reasons of confidentiality, the Safeguarding Officers will delete any sensitive data registered on the tablet, including, but not limited to, phone numbers, messages and e-mails.

14.1.6 At the end of the event, after a debriefing, the FIE Safeguarding Officers shall issue a report containing general information about the number and type of incidents occurred, without disclosing any personal information that can lead to the identification of the alleged victim and perpetrators. The report may contain recommendations to minimize the risk of incidents and update the FIE Safeguarding Procedures and Policy, should the case require it.

14.2 Complaint procedures

14.2.1 Informal Resolution or Mediation

14.2.1.1 Informal resolution applies in order to resolve safeguarding disputes that arise as a result of misunderstanding in communication and relationships. These kind of situations do

not require a more formal and protracted approach, which is designed to manage complex or more serious safeguarding concerns and cases.

Informal resolution can be achieved without a formal complaint, consent is not required (although the complainant may wish to have their identity protected) and it may be that the identity of alleged perpetrators is not necessarily known or known only as a group. Informal resolution may include any one or a number of:

- a) educating participants over acceptable behaviour and gaining commitment to adhere to policy;
- b) working with the organisers/bureau to ensure alleged victim(s)/potential victim(s) not exposed to further issues;
- c) working with NF representatives to support alleged victim(s).

14.2.1.2 In a **Mediation Process** the Safeguarding Officer assists both parties to reach a definitive settlement agreement. To activate a **mediation process** a formal complaint and the consent of the complainant is necessary. That implies that he/she discloses the identity of the alleged perpetrator. Once the consent of the complainant is obtained, the Safeguarding Officers informs the alleged perpetrator, by conversation followed up by message or email.

Depending on the situation, different procedures applies:

- a) If the alleged perpetrator is still on site and agrees to a meeting with the Safeguarding Officer, who will also meet separately with the complainant to clarify their positions, a joint meeting may be held if the Safeguarding Officer feels it appropriate after speaking separately with the two parties.
 - Time and place will be agreed, taking into account the logistic constraints (before they fly back home).
 - The Safeguarding Officer room can be used for an informal meeting.
 - An agreement is reached (clarification of misunderstanding, apologies)
- b) If the alleged perpetrator is still on site and refuses to meet or meets and denies any wrongdoing.

The complainant has to decide if s/he wishes to undertake another more formal step. They can do so after the alleged perpetrator has denied wrongdoing, within 60 days following the incriminating acts or the date of their discovery. Disciplinary Panel complaints are subject to the Disciplinary Code. Direct appeals to the Bureau at the Championships should be made as soon as possible to avoid repeat occurrences.
- c) If the Safeguarding Officer is unable to contact the alleged perpetrator (he/she might no longer be on site), the Safeguarding Officer may contact him/her by phone or email to discuss. If the Safeguarding Officer is unable to locate the alleged perpetrator after a diligent try, the Safeguarding Officer will discuss with complainant their remaining choices.

The complainant has to decide if s/he wishes to take additional action, within the time limits specified in the Disciplinary Code.

14.2.1.3 Where informal resolution is not reached or mediation turns out to be inappropriate or a settlement cannot be agreed to, there is nothing to prevent a return to a more formal process.

14.2.1.4 In case a breach of the informal resolution agreement or mediation settlement occurs, the complainant can present a request for interim administrative measures from the Bureau present at the World Championships and/or file a disciplinary complaint if immediate action is not required. Such complaint shall be filed pursuant to the timelines in the Disciplinary Code.

14.2.2. Complaint to the Disciplinary Panel.

Chapter 7 (Discipline) and Chapter 13 (Safeguarding Policy) of the FIE Statutes apply.

14.2.3 Referral to law enforcement agencies (e.g. Police)

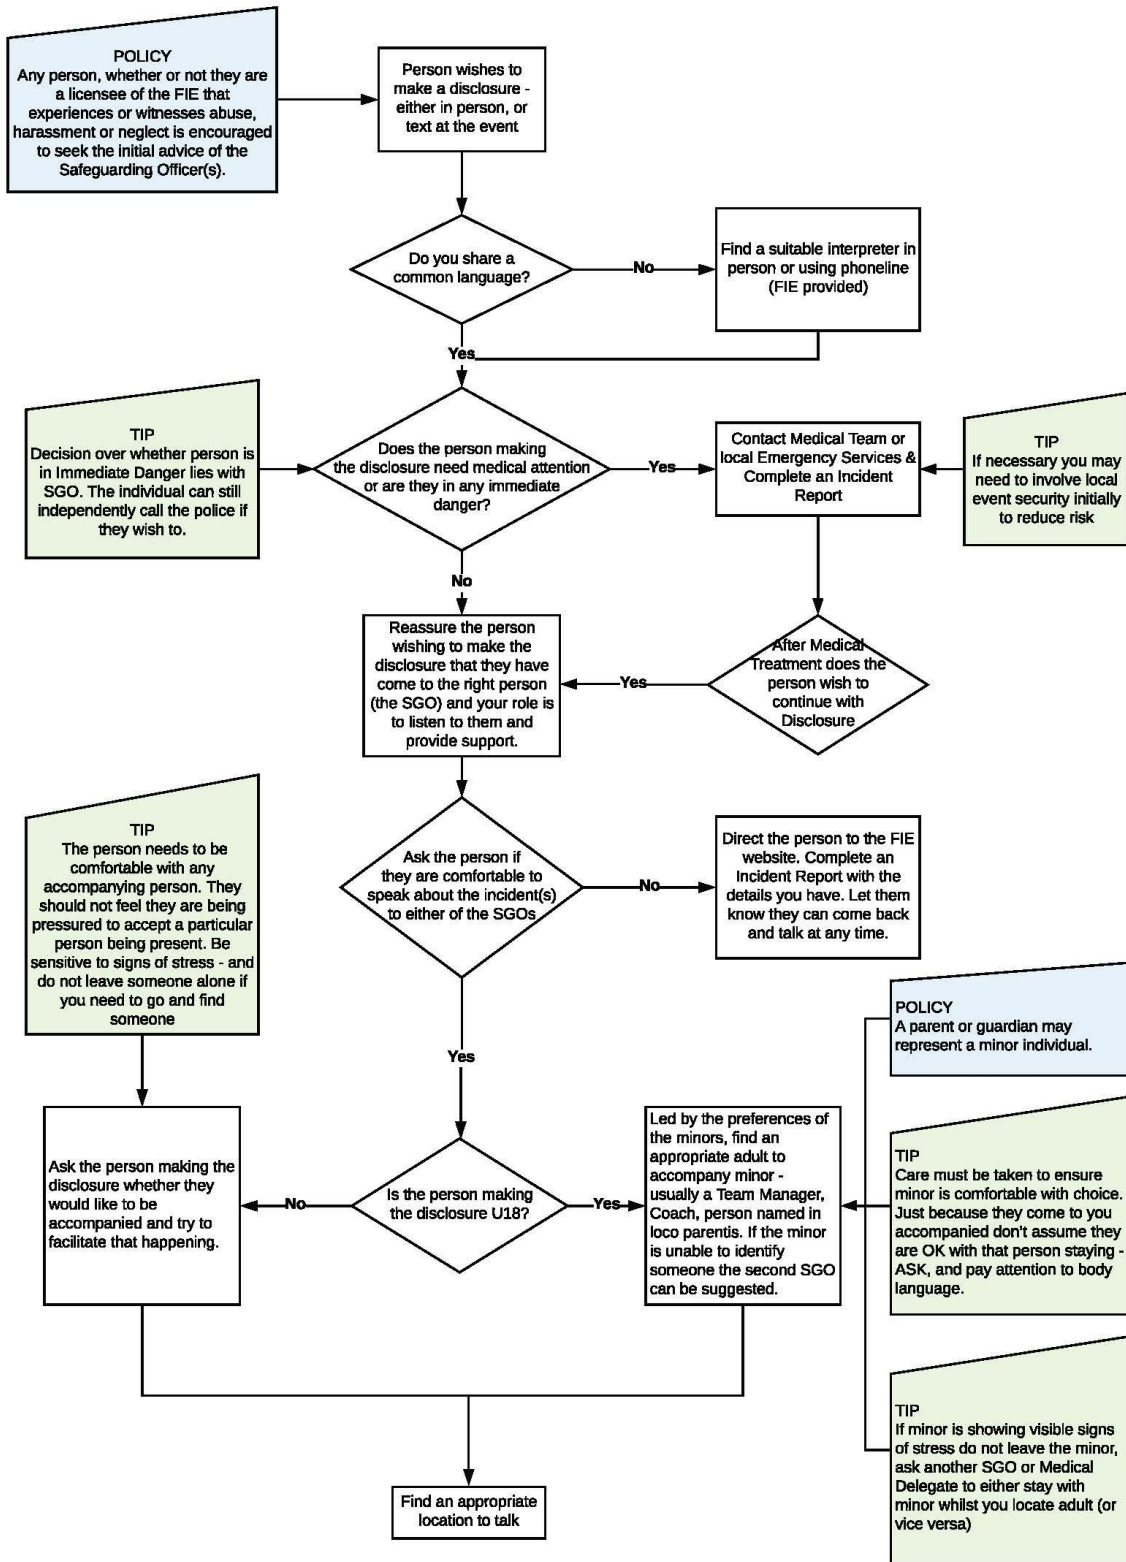

In case of a crime in the host country, the complainant can refer the matter to a law enforcement agency (e.g. Police). If requested to do so, the Safeguarding Officer may accompany the complainant.

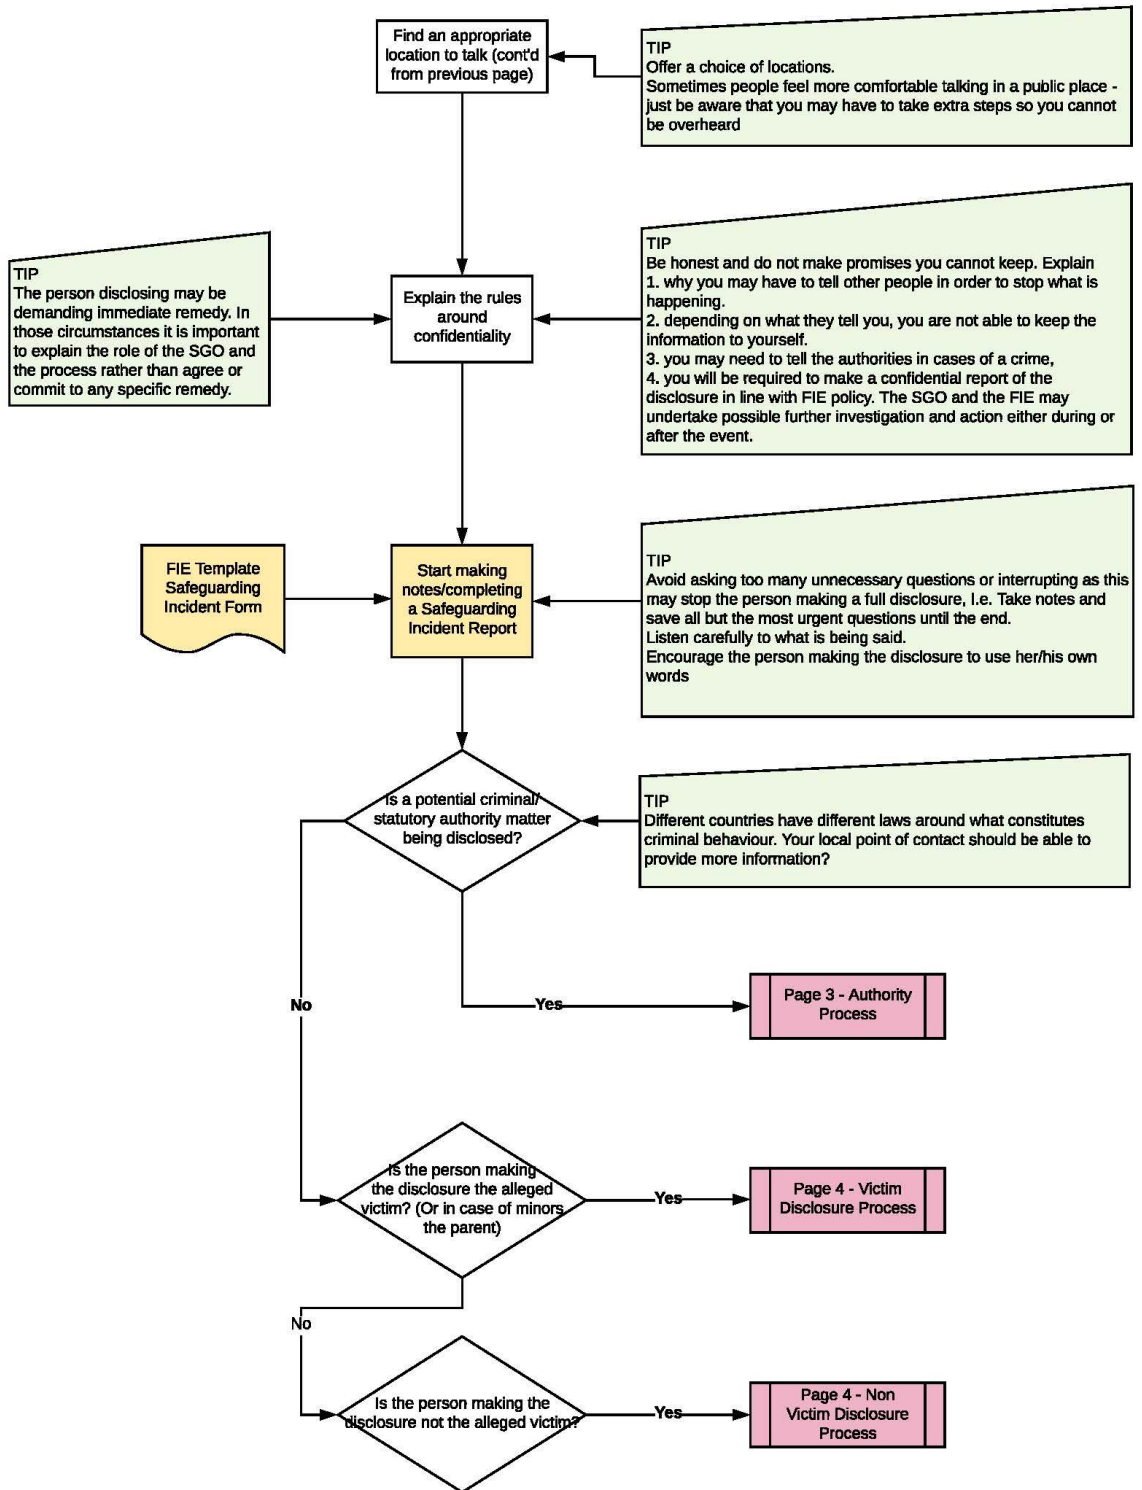

14.2.4 World Cups and Grand Prix

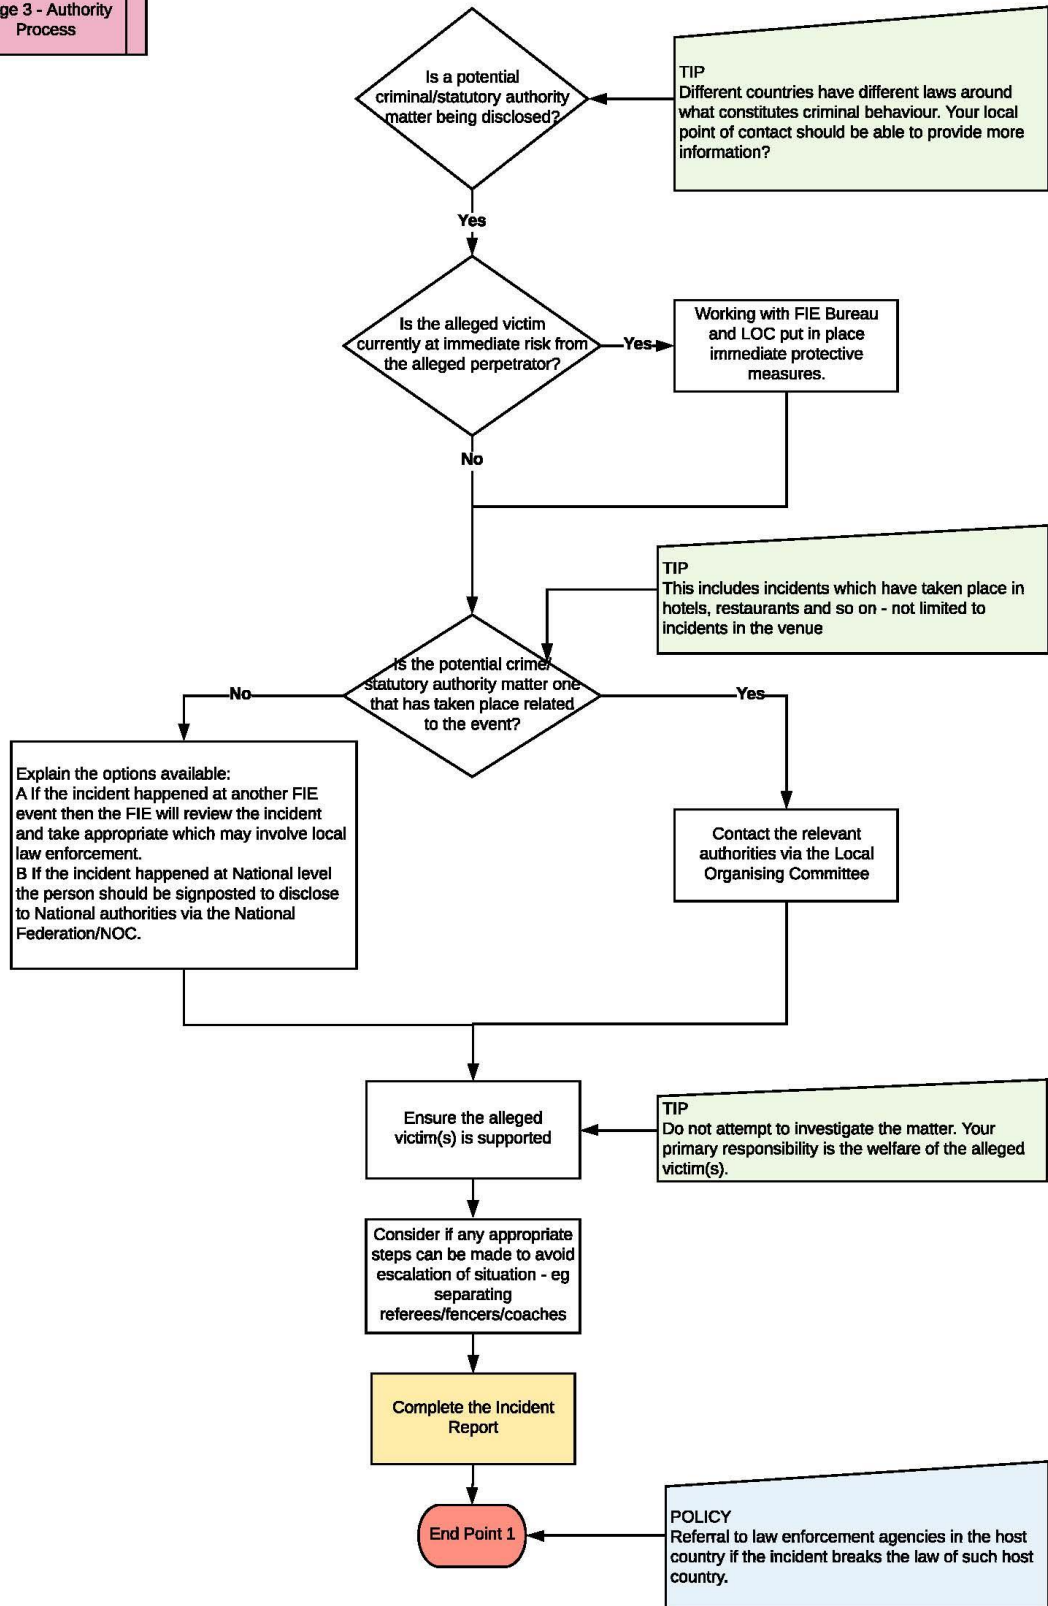

At the World Cups and Grand Prix, the FIE Supervisor acts as Safeguarding Officer. He/she reports safeguarding incidents and concerns through the Internal Incident Report, according to the procedure flow-chart for the FIE Supervisor at World Cups and Grand Prix competitions, supported by a Local Safeguarding Officer (where one exists) and in consultation with other FIE delegates and DT as appropriate.

CHAPTER 15

ENVIRONMENTAL SUSTAINABILITY POLICY

1. INTRODUCTION

With the climate crisis affecting all aspects of society and impacting fencing communities around the world, the FIE has a duty to take effective steps to minimise negative impacts of the sport and adopt positive actions.

From the IOC: For the “IOC as leader of the Olympic Movement,” our strategic intent for 2030 is to inspire and assist Olympic Movement stakeholders in developing sustainable sport worldwide and to leverage the inspirational power of athletes and the Olympic symbol to promote sustainability through sport.

From the United Nations’ Sports for Climate Action: “Sports organizations can display climate leadership by engaging together in the climate neutrality journey. They can achieve this by taking responsibility for their climate footprint, which in turn will incentivize climate action beyond the sports sector, and therefore help global ambition step-up in the face of the threat posed by climate change.”

All sports are invited to adopt the following targets:

- Reduce green house gas emissions by 50% by 2030 with a baseline of 2019 (or the latest normal year for which data is available)

- Reach net zero green house gas emissions by 2040.

2 FOCUS AREAS

Climate action:

Addressing the carbon footprint of international fencing

Using the FIE’s platform to spread awareness and advocate for positive climate action.

Circular economy (managing materials and resources):

Addressing issues of single-use plastic, short-life materials, and waste management.

3 AIMS

Inspired by the IOC and UNSCA initiatives, the FIE will develop an ethos of environmental responsibility for its Executive Committee, Commissions, Councils and Committees and Bureau and in the management of its office, congresses, meetings, and international competitions.

It will become an environmentally aware organization, inspiring and leading fencing towards becoming a sustainable sport for the sake of future generations of fencers.

4 COMMITMENTS

- Join the Sports for Climate Action framework.
- Prioritise environmental issues in order to reduce the impact of fencing on the environment.
- Measure and monitor the carbon footprint of international fencing activities.
- Reduce the carbon footprint by 50% by 2030.
- Carry out a thorough review of all our spending and major decisions and incorporate environmental issues into all contracts and decision making.
- Seek cultural change through raising awareness by 2024 of collective and individual responsibility for achieving a sustainable organisation and sport.
- Steadily increase the FIE's knowledge base of sustainability issues, learning from other sports, organizations, and experts.
- In the context of a rapidly worsening global crisis, accept that this policy needs to be implemented without delay.
- Ensure that this policy is communicated to all members of the FIE and the global fencing family.

5 ACTIONS

In order to move as fast as possible towards becoming a sustainable organisation, FIE will take the following actions:

- Create an **Environmental Sustainability Strategy and Action Plan** by July 2023 which will be monitored and reviewed on a regular basis by the Executive Committee, Bureau and FIE Environmental Work Group.
 - This will include:
 - Consideration of environmental impact for all major decisions
 - Commitment to decreasing adverse environmental impact for all major decisions.
 - Actions to minimize the environmental impact of international competitions.
 - Actions to minimize the environmental impact of fencing clothing and equipment.
 - Engagement of Athlete Ambassadors
 - Engagement of the international fencing community through publicity and education
