El Salvador

It is a beautiful tourist country, with security and peace unlike

any other in the American continent, and with a strategic geographic presence in the Americas. For this reason, our government is interested in supporting sports, giving it special importance as part of the comprehensive development of youth.

El Salvador dresses up to hold events of such magnitude as the Individual and Team Youth Epee World Cup, so we would be honored to have its athletes and coaches participate in this Grand Event, to further unite our fraternal and sporting ties, with the hope of serving you in the best way and with the special warmth of friendship of each of the Salvadoran brothers.

Very Sincerely,
