

FIE CONGRESS 2025 VOTING GUIDE

VOTING: YES/NO/ABSTAIN

1. Insert the chipcard, **chip facing up**

When the chipcard is not inserted correctly you will see the red LED

2. When voting is opened, you will see a green LED

3. Use the numbered buttons to provide your answer:
 - 1.Yes
 - 2.No
 - 3.Abstain

4. The selected answer blinks in the display.

You can change your answer by pressing the **C** button. Your answer is revoked, and you can select a new answer

Please note that a change is possible until you pressed the "Enter" button. Once you press "Enter" your vote is cast and no change is possible.

5. Confirm your answer with the ENTER button. Your vote is cast now. The red LED lights shortly and then disappears.
