

Dear President,

DECISIONS OF THE EXECUTIVE COMMITTEE

Following a consultation of the Executive Committee held on 4 November 2025, please find below the decisions taken:

In view of the season 2025-2026 which has just started, and in order to avoid any issue, the FIE Executive Committee would like to highlight the following principles: all eligible athletes, teams and sports officials must be able to participate in FIE competitions and events without any form of discrimination, in accordance with the FIE Statutes, the Olympic Charter and the fundamental principles of non-discrimination, autonomy and political neutrality that govern the Olympic Movement.

Therefore, the FIE will be extremely vigilant when allocating its competitions and events and will make sure that:

- It receives all written contractual assurances from the organiser and the highest government authorities of the host country, ensuring that all eligible athletes, sports officials and teams can access the host country and compete without any form of discrimination, including the right to be treated equally as per the applicable protocol for all participants;
- Such assurances are effectively implemented by the organiser and the host country. Failing that, the FIE will be ready to take appropriate action, including but not limited to postponing, relocating, or cancelling the event.

Please also be informed that the Executive Board of the International Olympic Committee (IOC) has decided to adapt the Qualification Principles for the Olympic Games LA28, which now mandate the IFs to include guarantees on country access for all athletes in their hosting agreements for any Olympic qualification competition around the world.

The adapted Qualification Principles for the Olympic Games LA28 can be found [on the IOC website](#).

We thank you in advance for your collaboration and remain at your disposal for any question you may have.

Abdelmoneim ElHusseiny
Interim President
