Member of the FIE Commission
Member of the FIE Commission
Member of the Commission: FCA
Member of the Commission: EFC
Member of the Commission: EFC
Projects and Development

The meeting focused on strengthening cooperation between the FIE Medical Commission, Continental Confederations, and National Federations. Participants discussed the importance of establishing regular communication channels and developing a structured network of medical representatives to support the implementation of medical initiatives worldwide.

FIE Sports Medicine Conference – Hong Kong 2026

An update was provided on preparations for the FIE Sports Medicine Conference in Hong Kong, including registration, scientific content, and promotional activities. The Secretary General encouraged all participants to actively promote the event among National Federations and medical professionals in order to maximize participation and visibility.

Medical Education and Development

The Commission reviewed initiatives aimed at developing medical education within the fencing community, including training opportunities, injury surveillance projects, and the creation of a network of qualified medical personnel across National Federations.

Decisions

- To strengthen cooperation between the Medical Commission, Continental Confederations, and National Federations.
- Promote the Hong Kong Medical Conference among National Federations

- To further develop educational initiatives within National Federations.
 - To finalize the Medical Commission Strategic Plan before the Sofia meetings.
 - To enhance coordination with the Hong Kong Organizing Committee on medical and conference-related matters.
-

Closure

The Secretary General thanked all participants for their contributions and emphasized the importance of continued cooperation in supporting athlete welfare, medical education, and the successful delivery of upcoming FIE events and initiatives.
