

Dear President,

1. 2010 Congress

Please find attached a summary of decisions taken at the FIE Congress, organized in Moscow (RUS) on December 4-5, 2010.

2. Senior Zone Championships

At it's December 3rd, 2010 meeting, the Executive Committee has decided the following:

1. The wireless system will be optional for the Senior Zone Championships; and
2. Due to the dates of the fencing events at the 2012 Olympic Games (i.e. July 28 to August 5), the Senior Zone Championships can exceptionally be organized during another period than the period indicated in the Administrative Rules (i.e. July-August).

The Confederations must submit their proposed dates to the FIE Executive Committee.

And of course, the points earned in these Zone Championships will all be taken into account simultaneously for the FIE rankings

**Alisher Usmanov
President**
