a) International competitions

b) 2005-2006 Calendar

LETTRE URGENTE DE LA FIE

Ladies and Gentlemen,

Following the observation of irregularities, we kindly remind you of the article 2.4 of the Administrative Rules of the FIE :

2.4 International competitions

In principle, each national member federation has the right to organise international fencing competitions in the territory of its country without special permission from the Bureau or the Congress of the FIE.

However, any international event bringing together 5 countries or more requires the authorisation of the FIE.

Severe action will be taken against offender.

Senior Women's Sabre

Due to the unavailability of the House of Sports, the Italian Fencing Federation has just informed us that the Lamezia Terme tournament will take place on **11 and 12 March 2006**, instead of 10 and 11 March 2006.

René Roch
President
