

LETTRE DE LA FIE

Letter of information 11-03
December 9, 2003

Entries to GP competitions and
Team competitions

Ladies and gentlemen,

Following the decision of the Executive Committee, for all the Grand Prix competitions and all Team World Cup competitions, the entry of fencers and teams by national federations will only be done through the FIE Internet Web site, from December 15, 2003 up to the Tuesday preceding each competition included.

This procedure will make the work of organisers and observers easier since they will no longer have to check the licences of fencers. No entries will thus be accepted by the organisers.

Please find attached the procedure to be used on the FIE site www.fie.ch, which is the same as the one you used for the entries to the 2003 World Championships in Cuba.

The national federations are kindly requested to forward this information to their organisers of competitions. The national federations will receive on the Wednesday preceding their competition an Excel table of the entries.

The FIE staff remains at your disposal for any additional explanation and to provide any help you might need.

René Roch
Président
