Calendar 2003/2004

Incheon (KOR)

Ladies and gentlemen,

The South Korean Fencing Federation has requested a change to the venue of the Grand Prix and team competitions at women's foil and at individual men's foil that will be held on February 28-29 and March 1st, 2004, due to the re-building of the gymnasium in Incheon following bad weather. After consultation the Executive Committee has decided to accept the change of venue, because the circumstances were outside the control of the organisers and because the request was made more than two months before the competition. The competitions will thus be held in Seoul. The dates remain unchanged.

Vancouver (CAN)

The Canadian Fencing Federation, in accordance with the decision of the Executive Committee of May 10 and 11, 2003, and with the handbook of regulations for the Grand Prix and Team World Cups, has modified the dates of its GP competition at men's épée and the date of the team men's épée competition, that were to be held on March 20-21 and 22nd, 2004. The Grand Prix competition will thus be held on Friday 19th of March and Saturday 20th of March, 2004. The team World Cup competition will be held on Sunday 21st of March, 2004.

The 2003/2004 calendar has been modified accordingly on the FIE Internet web site.
