Purpose

This controlled document provides the official list of homologated épée and foil blades approved by the FIE SEMI Commission. The list includes manufacturers, codes/imprint, and homologation/control dates. It is intended for use by federations, suppliers, referees, and organizers.

Blades validated are marked with dates within two years following the homologation date. Blades must comply with the 'Specifications for the manufacturing of fencing blades' in Annex A of the FIE Material Rules. Once approved, blades may be used without limit of validity provided they remain in good condition. Please revert to the M Book for validation requirements, homologation requirements, and detailed rules.

M Book can be found at <https://static.fie.org/uploads/40/204156-book%20material%20August%202026%20ang.pdf>

Objectif

Le présent document contrôlé fournit la liste officielle des lames d'épée et de fleuret homologuées approuvées par la Commission SEMI de la FIE. La liste comprend les fabricants, les codes/marquages et les dates d'homologation/contrôle. Elle est destinée aux fédérations, fournisseurs, arbitres et organisateurs.

Les pales validées portent des dates situées dans les deux années suivant la date d'homologation. Les lames doivent être conformes aux. Spécifications pour la fabrication des lames pour l'escrime » stipulées dans l'Annexe A du Règlement du matériel de la FIE. Une fois approuvées, les lames peuvent être utilisées sans limite de validité à condition qu'elles restent en bon état. Veuillez vous reporter au Règlement du matériel pour en savoir plus sur les exigences de validation, les exigences d'homologation, et pour consulter les règles détaillées.

Le Règlement du matériel est disponible à l'adresse suivante : <https://static.fie.org/uploads/40/204156-book%20material%20August%202026%20ang.pdf>

Objetivo

El presente documento controlado proporciona la lista oficial de las hojas de espada y de florete homologadas aprobadas por la Comisión SEMI de la FIE. La lista incluye los fabricantes, los códigos / marcados y las fechas de homologación / control. Está destinada a las federaciones, proveedores, árbitros y organizadores.

Las palas validadas llevan marcadas fechas comprendidas dentro de los dos años siguientes a la fecha de homologación. Las hojas deben estar en conformidad con las «Especificaciones para la fabricación de hojas para la esgrima» estipuladas en el Anexo A del Reglamento del material de la FIE. Una vez aprobadas, las hojas pueden utilizarse sin límite de validez, a condición de que se mantengan en buen estado. Favor de consultar el Reglamento del material para obtener más información sobre los requisitos de validación y los requisitos de homologación, y para consultar las reglas detalladas.

El Reglamento del material está disponible en la siguiente dirección:
<https://static.fie.org/uploads/40/204156-book%20material%20August%202026%20ang.pdf>

Approved Epee Blades/ lames d'épée homologues/ hojas de ESPADA homologadas

Les dates sont les dates des homologations et contrôles périodiques.

The dates between brackets are the ones of the homologation and periodic controls.

Las fechas entre son las de homologación y de los controles periódicos.
