## 1.3 MEDIA

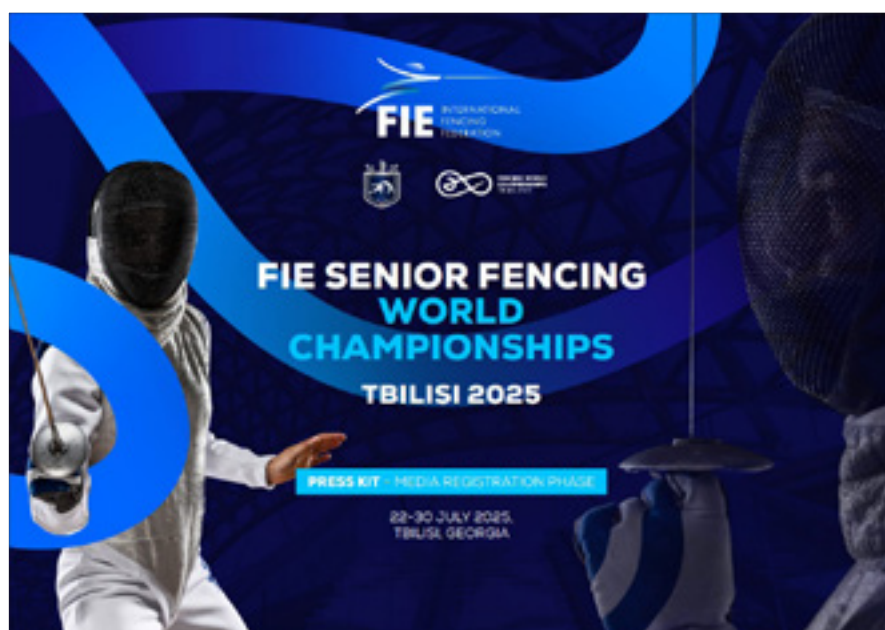

7

### 1.3.1 FIE media report

In 2025, the FIE continued to expand its global media presence, reinforcing its position as a modern and forward-looking international sports federation. The FIE further developed its digital and broadcast strategy to reach new audiences while strengthening engagement with the worldwide fencing community.

Throughout the year, the FIE maintained an active presence across its core digital platforms — **Facebook**, **Instagram**, **TikTok**, **Twitter/X**, and **YouTube** — sharing a wide range of content that highlighted elite competition, athlete stories, and key moments from the international calendar.

A major milestone was reached in **July 2025** with the launch of **FencingTV**, the Federation's dedicated television and streaming platform, introduced during the **FIE Senior Fencing World Championships in Tbilisi**. At the same event, the FIE also introduced a **dedicated video production team** at its flagship

competitions, significantly enhancing the quality, consistency, and storytelling of video content across broadcast and digital channels.

In parallel, the FIE's international television footprint continued to grow, with **five new broadcasters** joining the network during the Senior World Championships.

## 1.3.2 Digital Channels

The FIE's on-site photographers, Augusto Bizzi and his team, captured all World Championships (Junior and Cadet, Senior, Veteran), Grand Prix events, Senior World Cups, Zonal Championships, and the year-end Congress. Since the start of the new season in November, the photography coverage has evolved: only the top photos are being published across FIE social media platforms.

The FIE's on-site video production team, Mailman, covered the Junior and Cadet World Championships in Wuxi, China, and Ninor covered the Senior World Championships in Tbilisi, Georgia, the Veteran World Championships and the 2025 Congress in Manama, Bahrain. Since the start of the new season in November, both agencies have also covered selected Senior double World Cups and Grand Prix (Vancouver double Epee World Cup and Orléans Sabre Grand Prix). This will continue through the 2025-26 season.

Coverage of the Veteran World Championships with the video team for the first time generated very positive engagement and feedback from the Fencing family.

The FIE is still collaborating with QTV to provide clipping services. During each Grand Prix event's TV broadcast phase (starting from the semifinals), QTV delivers real-time streaming clips and publishing services to enrich the video content on social media.

Live streaming was provided for all direct elimination stages of Grand Prix events and the Junior and Cadet World Championships. For Senior World Cups organised by LOCs, live streaming was made available on the FIE website whenever the signal was accessible in a timely manner, and starting from December, they were included on FencingTV.

In 2025, the FIE also increased its Institutional and FIE Educational Programme coverage, including: FIE Training camp, Women's coach seminar, Donate Your Fencing Gear, Fair Play, Safeguarding, Clean Sport, Fencing for the Planet, and International Day of Sport for Development and Peace.

### KEY FACTS

#### Website

- In 2025, the website's news section continued with the content plan from the previous year, focusing on event and initiative reports, as well as other news such as webinars, obituaries, job postings.
- The FIE website received **9.3 million page views**, a decrease of 5% (compared to 9.8 million in 2024). The total number of visitors increased by 1%, reaching 1.1 million (compared to 1.09M in 2024), including 840K new users, a decrease of 22% (compared to 1.08M in 2024).
- The top countries/regions with the highest number of new users were: Singapore (240K), China (142K), United States (126K), Hong Kong (57K), France (56K), Italy (42K) and United Kingdom (33K).

#### Instagram

- In 2025, the *FIE Instagram* account experienced **54.9M impressions and 1.3M engagements**, an increase of 10.9% and a decrease of 51.9%, respectively, compared with 2024. With 16.3K new followers, representing a 12.4% increase, the total follower count reached 148K by the end of 2025.
- Followers top 3 countries: USA, France, Italy.

#### Facebook

- In 2025, the *FIE Facebook* account received **31.4M million impressions**, a slight decrease of 4% compared with 2024. The engagements reached 678.7K (a 66.1% decrease). The number of followers reached 171K, with 7.1K new followers, representing a 4.3% increase.
- Followers top 3 countries: Egypt, USA, Italy.

#### Twitter/X

- In 2025, the *FIE Twitter/X* account received 2M impressions, a 45.9% decrease compared with 2024. Engagements reached 90.5K (a 55% decrease). The number of followers slightly decreased by 0.4% to reach 25.4K.
- Followers top 3 countries: Japan, USA, France.

#### YouTube

- In 2025, the *FIE YouTube* channel reached **3.3M views, a 10% increase**. The watch time was 244K hours, a 20% decrease compared with 2024. The subscriptions reached 110K by the end of 2025, an 8.9% increase. The increase in views may be due to the new use of YouTube Short feature (short-format videos), while the decrease in watch time is most likely due to the launch of the FencingTV platform.
- Followers top 3 countries: USA, Italy, France.

#### LinkedIn

- In 2025, the *FIE LinkedIn* impressions and engagements rose to 69.6K and 1.5K, reflecting increases of 22.1% and a decrease of 56%, respectively. The number of followers grew by 20.5%, reaching a total of 4.7K.
- Followers top 3 countries: Switzerland, France, USA,

#### TikTok

- TikTok was registered and **launched in June 2024 to engage its Generation Z audience**, therefore, the data cannot be fully compared. In 2025, the *FIE TikTok* account saw 11.5M video views, with engagement reaching 1.6M. The total number of followers has grown to 32.5K, up from 1.3K at the end of 2024.
- Followers top 3 countries: Mexico, Indonesia, USA.

#### Weibo

- The FIE Weibo account was reactivated in 2024 for the Paris Olympic Games, and continued with minor activity in 2025. From 2026, we will put focus on it with 2 additional Chinese social media channels.

## FencingTV

### Launch and Performance in 2025

- The launch of **FencingTV** in **July 2025**, during the **FIE Senior Fencing World Championships in Tbilisi**, marked a major step forward in the Federation's digital and broadcast strategy. Introduced as part of a combined marketing and IT initiative, the platform was designed to modernise the presentation of fencing and provide a centralised, high-quality viewing experience for fans worldwide.
- During the World Championships, FencingTV recorded **1,026,658 total views** and accumulated more than **87,000 hours of playing time**, reflecting strong engagement with live and on-demand content. The platform attracted **28,967 registered users** over the course of the event, with steady growth observed throughout the nine competition days.
- User behaviour data highlighted a clear preference for live content, with **84% of viewing taking place during live broadcasts**, underlining the importance of accurate scheduling and real-time event coverage. Viewing was predominantly mobile, with **56% of users accessing the platform via smartphones**, followed by desktop (41%) and tablet devices (3%).
- From a geographic perspective, FencingTV demonstrated a strong international footprint. **Europe accounted for the largest share of viewing**, with over **62,000 watch hours**, followed by **Asia, North America**, and emerging engagement from **Africa, Oceania, and South America**, confirming the platform's global reach since its first major deployment.
- In terms of content interest, **individual events generated higher viewership than team competitions**, with women's foil and men's sabre individual events ranking among the most-watched segments. English-language commentary accounted for the majority of views, providing valuable insight into future commentary and localisation strategies.
- Overall, **the successful debut of FencingTV at the 2025 Senior World Championships demonstrated the platform's potential as a cornerstone of the FIE's future media ecosystem**, supporting increased accessibility, fan engagement, and long-term digital growth.

## FencingTV

### Continued growth after the World Championships

- Following the conclusion of the **FIE Senior Fencing World Championships in Tbilisi**, FencingTV maintained strong performance during the **November–December 2025 period**, confirming sustained audience interest beyond flagship events. During this post-Championship phase, the platform generated **592,000 total views**, accumulated **34,000 hours of playing time**, and attracted **approximately 35,000 unique viewers**, demonstrating continued engagement with live and on-demand fencing content.
- Viewing behaviour during this period remained consistent with trends observed at the World Championships. **Live broadcasts accounted for the majority of views**, underlining the importance of real-time competition coverage in driving audience engagement. On-demand content continued to play a complementary role, particularly for highlights and replays of key bouts and competitions.

- From a geographic perspective, **Europe remained the leading region in terms of viewing volume**, followed by **Asia and North America**, while engagement from other continents further reflected the global reach of the platform. Device usage data indicated a balanced distribution between **mobile and desktop access**, confirming FencingTV's accessibility across multiple viewing environments.

Overall, the FIE digital media matrix experienced robust growth in 2025, as part of the new FIE Strategic Plan. Instagram, Facebook, the website, and LinkedIn all saw minor decreases, given the fact that we were in a post-Olympic year, but with the new type of media provided, the audience started to grow back in the second half of 2025. Instagram and Facebook remain the two standout platforms for the FIE.

### 1.3.3 Digital Magazine – ESCRIME

In 2025, the FIE continued with the publication of the Escrime magazine and published a summary of 2024.

### 1.3.4 Press Releases, News Stories and Media Relations

In 2025, the FIE continued to build on the media relations strategy implemented in 2024, further strengthening its capacity to communicate effectively with international media. The Federation maintained its use of a media contact database management system in combination with a professional media research and monitoring service, ensuring continuity and consistency in its media outreach activities.

Through the continued use of these tools, the FIE further expanded and refined its media contact database, which now includes **nearly 6,000 press contacts worldwide**. The database remains fully dynamic, with media contacts and listings automati-

cally and regularly updated to reflect changes across the global media landscape. This approach has enabled the FIE to maintain accurate, up-to-date communication channels with journalists, broadcasters, and digital media outlets across all regions. The FIE published nearly 106 articles and 39 press releases in 2025. Altogether 228,445 emails were sent, which is 38,676 more than in 2024, with an open rate of 32% (30% in 2024).

Based on the reports, the International Fencing Federation has reached over 110 million people in television, has been mentioned almost 3000 times in digital and print media, and reached more than 30 million people in podcasts. Top mentions were in the United States, United Kingdom, India, Hong Kong and Italy.

### 1.3.5 Television

As 2025 was the first year in the new Olympic cycle, a detailed report about the exposure in Linear TV was not requested. The Senior World Championships were broadcasted on RAI, Sky Italia, MTVA, Polsat, The Olympic Channel, SRG/SSR, Synca, CCTV, PCCW, MatchTV, Sport5, NBC, and the Romanian Sport Television.

The Senior European Championships were broadcasted on Sky Italia, MTVA, Polsat and SRG/SSR, while the Grand Prix series were visible on PCCW.

### 1.3.6 Challenges and changes

The 2025 media year marked a **period of transition** for the FIE, shaped by the move into a new Olympic cycle and the implementation of several strategic media initiatives. As in previous post-Olympic years,

overall audience engagement declined across some digital platforms, reflecting a natural reduction in global attention following the Paris 2024 Olympic Games.

At the same time, the FIE adopted a **quality-over-quantity approach** to content production, particularly in photography and video publishing. From the start of the new season in November, a more selective editorial strategy was introduced to improve visual consistency and storytelling. While this enhanced brand positioning, it also contributed to short-term decreases in engagement metrics on platforms driven by high-frequency content distribution.

The launch of **FencingTV** represented a major structural change in the FIE's digital ecosystem. Although the platform demonstrated strong performance during and after the Senior World Championships, it also shifted viewing behaviour away from existing platforms, notably YouTube, resulting in a redistribution of

audiences rather than overall consumption growth. Defining the complementary roles of each platform remains an ongoing focus.

Expanding on-site video production coverage at flagship events, including the first dedicated video coverage of the Veteran World Championships, required new operational workflows and coordination. While the response from the fencing community was highly positive, scaling this model sustainably across future events presents logistical and resource-related challenges.

Finally, evolving performance across social platforms highlighted the increasing importance of **platform-specific strategies**, with strong growth on TikTok and renewed activity on Weibo contrasting with declining engagement on more established channels. Overall, 2025 represented a shift from rapid expansion to consolidation, providing valuable insights to guide the continued development of the FIE's media strategy in 2026.

## WORLD FENCING DAY 2025 SPARKED RECORD GLOBAL ENGAGEMENT

The **2025 World Fencing Day** event took place on September 10<sup>th</sup>, with the theme “Fencing: One Sport, One World, One Family.” To further enhance the event’s impact and encourage greater participation, the CMTV department created a press kit, including branding assets for participation, and shared it publicly with all member federations and stakeholders. The FIE received video greetings from all over the world; athletes, clubs, federations and other fencing family members.

A video contest was also hosted for both individuals and FIE member federations. Top three individual entries won U.S. \$3,000 for first place, with \$2,000 and \$1,000 awarded to second and third places, and the top three federation videos received \$3,000 each.

This year’s event saw broader participation and a higher volume of content published compared to last year. In addition to web news, FIE’s social media content showed significant growth.

Below are the related statistics:

|             | Posts | Impressions | Engagements |
|-------------|-------|-------------|-------------|
| 2024        | 257   | 132,500     | 3,150       |

## SPORT DEVELOPMENT

## 2.1 ATHLETES

### 2.1.1 Training camps: Junior and Cadet World Championships – Wuxi (CHN)

Before the Junior and Cadet World Championships in Wuxi (CHN), an FIE training camp was held at the same venue as the competition. For the first time, the camp was open to all participants of the World Championships who wished to join and train.

Each weapon began training six days before the individual competition, with two daily sessions of three hours each. Thirty fencers from around the world were financially supported by the FIE to participate, while more than 100 additional fencers joined on different days of the camp.

#### FIE Financial Support

- 6 athletes from Asia-Oceania
- 8 athletes from Europe
- 9 athletes from America
- 7 athletes from Africa

#### Coaches

- Foil: Kuki Petru (ROU) and Wing Chun Luk (HKG)
- Epee: Smiljka Rodic-Stamenkovic (SRB)
- Sabre: Zsolt Nemcsik (USA)

#### Training Programme

Training programmes were specially designed by each coach according to the needs of their group. They included group warm-ups, individual lessons, theoretical and tactical explanations, competition simulations, footwork, coordination exercises, and other tailored activities. The day before the competitions, video analysis sessions and recreational activities were also organised.

All expenses were covered by the FIE: flights, transport, visa expenses, individual competition entry fees, hotel, meals, and an additional allowance of €50 pocket money per fencer.

#### Cultural Exchange

Beyond fencing, the camp also encouraged cultural exchange. Fencers shared experiences, cultures, and built friendships, always fostering respect and camaraderie.

**Additional Note**

The camp also benefited from a special IOC financial aid programme supporting countries with fewer than 50 Olympic participants in the previous Games. This support covered fencers from 12 countries.

### 2.1.2 Training camps: Senior World Championships – Tbilisi (GEO)

Between 16 and 21 July 2025 the FIE hosted a *training camp at the World Championship venue in Tbilisi* (GEO). Fencers from more than 50 countries joined for an intensive week of training preparation and international exchange.

The camp welcomed 35 athletes fully supported by the FIE along with over 50 additional participants who joined independently to benefit from the opportunity of training under top-tier coaching staff in sabre epee and foil. Training took place on 12 pistes reserved exclusively for the camp participants within the championship facility.

#### Coaches

- Sabre: Mr. Zoran Tulum
- Epee: Mr. Béla Kopetka
- Foil: Mr. Kuki Petru

#### Training Programme

Over the course of six days, athletes participated in two daily training sessions of three hours each. The programme combined technical, theoretical, and tactical instruction, competition simulations, structured footwork, and both individual and group work.

Beyond athletic preparation, the camp fostered cultural exchange and community building. Fencers created new friendships, engaged in intercultural dialogue, and strengthened international solidarity within the fencing family. Additional World Championship participants were welcomed to join open sparring sessions and group exercises, further enriching the collaborative environment.

#### Notable Results

- Maria Cojocari (Moldova) – 39th place, Women's Individual Foil
- Chadalavada Bhavani Devi (India) – 63rd place, Women's Individual Sabre
- Gabriela Maria Lin Hwang (Puerto Rico) – 26th place, Women's Individual Sabre

## 2.2 COACHES

### 2.2.1 International Academy for Coaches – Budapest (HUN)

During 2025, the FIE Budapest Coaching Academy continued to train fencing coaches on 3-month courses in all three weapons. The Academy's strategy, as decided in 2016, is to open an education centre for coaches, where coaches from all over the world can improve coaching skills that may be used effectively to develop and train fencing athletes of all levels.

During 2025, three 3-month courses were organised:

**Sabre:** from January 27 to April 18, 2025. The course took place with 7 participants: 3 women and 4 men (2 from Europe, 4 from America and 1 from Africa). All participants who completed this course successfully passed their exam.

**Epee:** from April 28 to July 18, 2025. 9 candidates were accepted (3 from America and 6 from Asia). 2 women took part in this course and successfully passed their exam. One of the 9 participants was self-financed as only 8 places were financed by the FIE, but the Academy allowed further participants provided they were funded individually or by their own national federations.

**Foil:** from July 28 to October 17, 2025. 8 candidates were accepted (3 from Europe, 2 from Asia, 2 from Africa and 1 from America). The course was attended by 6 men and 2 women. All participants successfully passed their exam. The training sessions were scheduled from Monday to Friday, 6 hours per day, for 12 weeks.

**Daily course schedule (Weeks 1-8)**

- 09.00-09.45: General warm up, fencing specific warm up, games.
- 10.00-10.45: Exercises for footwork development.
- 11.00-12.30: Weapon-specific coaching with weapon specialist coach.
- 15.00-17.00: Weapon-specific coaching - ongoing development.

**Daily course schedule (Weeks 9-12)**

- Preparing for practical exam.
- Constructing the exam-lesson. Practicing under the guidance of the mentor coach.
- Exams.

The Hungarian University of Sport Science joined the programme and provided theory lessons on sport physiology, training theory, sport pedagogy, sport psychology and ethics of sport coaching, all in different modules given by specialised instructors and researchers from the University, spread over a period of 16 hours of instruction. As part of this agreement, the University acknowledges the Academy training and awards internationally recognised Level 2 diplomas to those Academy students who pass the final exam.

At the end of the programme both practical and theoretical exams were completed to demonstrate and prove the knowledge acquired.

Mr. Zoltan BERNAT was hired and responsible for everyday situations during the academy, taking care of any special request or issue that might rise.

The experts selected to provide the specific fencing training are renowned fencing coaches:

Sabre: Maître Zsolt NEMCSIK

Epee: Maître György FELLETÁR

Foil: Maître Zoltan BERNAT

- All students were experienced coaches, with more than five years' experience before joining the Academy.
- All graduate students were encouraged to return to their home countries to share their knowledge and to improve fencing in their own countries.

Local authorities of Budapest helped to find ideal facilities to rent where coaches could learn and practice under the best conditions. Full accommodation and catering were provided to students during the entire course.

All participants stayed at the Benczúr Hotel, in twin rooms, shared by people of the same gender or single rooms if there was no other candidate of the same gender. Meals were served at the hotel and special prices and discounts were given for this special course. The hotel is located within walking distance from the training venue. All room cancellations due to no-shows of participants or cancellations of the course were duly cancelled and no extra charges were incurred.

Transportation to the university for theoretical courses was made by public transport covered by each participant.

A special aid for participants of 300 CHF was given to cover part of their transport expenses when requested by participants.

## 2.2.2 Coaching Seminar: Empowering Women in Fencing Coaching – Tbilisi (GEO)

24

The FIE organised, for the first time, a seminar exclusively dedicated to women coaches. Held in Tbilisi from 19 to 23 July, alongside the 2025 World Championships and Training Camp, the seminar represented a milestone in the FIE's commitment to the development and empowerment of women in fencing coaching at the elite level.

The programme focused on enhancing technical, tactical, psychological, and managerial skills, while also promoting leadership and the visibility of women coaches within their national federations and at international level.

### PARTICIPANTS

A total of 13 women coaches representing all five continents took part:

#### AFRICA

- Algeria – Ms. Nadia Youcef
- Nigeria – Ms. Bola Suru
- Kenya – Ms. Georgina Irungu

# FIRST-EVER FIE SEMINAR DEDICATED EXCLUSIVELY TO WOMEN COACHES

## Participation Requirements

- A valid coaching diploma from the FIE or another recognised institution (excluding online-only certifications).
- Submission of a coaching portfolio and proof of active coaching activity.
- Priority to national team coaches with current or previous World Championship participation.

## Lecturers and Guest Speakers

- Lead Lecturer: Dr. Gennady Tyshler
- Supporting Lecturers: Mr. Petru Kuki, Mr. Béla Kopetka, Mr. Zoran Tulum

### Guest Lecturers included

- Ms. Marie Sallois, Director, IOC Corporate and Sustainable Development (video message)
- Ms. Gulnora Saidova, FIE Secretary General
- Ms. Melissa Alvarenga, President, FIE Women and Fencing Council
- Ms. Irina Knysch, President, FIE Refereeing Commission
- Ms. Deqa Niamkey, Development Director, United World Wrestling
- Mr. Lazar Miceta, FIE Medical Commission
- Ms. Teodora Visnjic & Mr. Hossam Ellaboudy, FIE Safeguarding Officers

## Programme and Topics

The seminar programme covered the following areas:

- Advanced technique and tactics in competitive fencing, including blade work, footwork, bout analysis, and evaluation methods

- Managing training for elite athletes: structure, organisation, and methodology
- Psychological aspects of training and performance
- Physical conditioning and preparation for fencers
- Pedagogical monitoring and educational research in fencing
- Combat preparation and modelling of motor actions in lessons
- Identification and correction of common coaching errors
- Types and structures of individual fencing lessons
- Planning and managing training across a four-year Olympic cycle
- Leadership development and empowerment of women coaches

## Outcomes and Feedback

The seminar was widely recognised as a **great success** by both participants and lecturers. It marked a historic step forward in promoting the role of women coaches in fencing and provided a strong platform for future development.

## Key strengths identified

- High level of engagement and motivation from participants.
- Strong alignment among lecturers, guest speakers, and participants on the shared goal of advancing women's leadership in fencing.
- The creation of an international network of women coaches, fostering exchange and mutual support.

## Challenges and lessons learned

- The seminar length was considered too short given the ambitious scope of the programme.
- Participants expressed the need for more practical sessions and fewer consecutive lectures.
- For future editions, a longer duration with a greater emphasis on practice is strongly recommended.

## Conclusion and Next Steps

The 2025 Women's Coaching Seminar set an important precedent for the FIE, demonstrating the organisation's commitment to inclusivity, diversity, and excellence in coaching.

The seminar successfully achieved its objectives of skill development, empowerment, and international exchange, while also identifying areas for improvement in format and delivery.

Moving forward, the FIE is committed to:

- Organising further women's coaching seminars at both global and regional levels.
- Exploring opportunities to link seminars with other international competitions, while ensuring they remain visible and prioritised.
- Expanding the duration and scope of future editions to include more practice-based training.
- Continuing to support women coaches in their development as leaders within fencing.

The seminar not only celebrated the progress made but also established a clear roadmap for sustained growth and commitment to women's coaching development within the FIE.

## 2.2.3 Oceania Fencing Master Academy (OFMA)

### Oceania Fencing Confederation (OFC) Coaching Commission

The Coaching Commission met to plan and advance various OFMA projects and to administer the operational activities of OFMA.

A 2025 Coach Education Plan was developed to assist the education and training of Level 1 and aspirant Level 2 Coaches in Sabre.

The OFC has renewed its partnership with the Oceania Fencing Master's Academy (OFMA) and Global Fencing Masters (GFM) for the next three years to deliver courses to OFC members.

### OFMA Coach Education

The OFC collaborated with the Sydney International Fencing Camp (SIFC) in January 2025 for an eight-day

coaching course and final assessments for the 2024 GFM Level 2 Epee participants.

From 3 to 12 January 2025 the Oceania Fencing Confederation (OFC) coaches worked with the team at the Sydney International Fencing Camp to deliver a Level 2 Professional Development Camp and a Level 2 Assessment in the discipline of Epee.

More than 200 athletes attended the SIFC, where 14 coaches were assessed at Level 2. The camp offered training for athletes and coaching education led by Italian Olympic Coach Enrico di Ciolo. Assessments were conducted by OFC Coach Leon Thomas with OFC Coaching Commission coaches Judit Fliszar and Kate Brill from New Zealand.

OFMA continued its collaboration with Global Fencing Masters (GFM) to advertise and deliver an online Level 2 Sabre Course as a follow up to the 2024 online Epee Course.

Using a web-based learning platform, a phone app and Zoom technology, the Course was presented over five months from March to June to 20 Coaches from Australia, New Zealand, Guam and Papua New Guinea.

The Level 2 Course focused on individual coaching, where the coach learns to work one on one with the athlete on performance fencing rather than group coaching that introduces new fencers to the sport.

The OCPD also travelled to Guam to continue coaching and development work and to assist with Guam's first official tournament for the Guam Fencing Federation.

Plans to visit Samoa for further Federation coaching and development were put on hold due to a high-level outbreak of Dengue Fever. The OFC prioritised the safety of attendees and will revisit the initiative when conditions improve.

## 2.2.4 Academy for Coaches in Africa – Johannesburg (RSA)

Course duration: 11 February – 28 November 2025.

Graduation day: 25 November 2025.

The courses programme was prepared and organised in all three weapons by:

- Dr Gennady Tyshler (Ph.D. in Pedagogy and Ph.D. in Sport Science), Lecturer for all three weapons.
- Dr Alek Movshovitch, Professor of Physical Education, External Consultant for the Academy Programme.

It is based on 460 hours (38 hrs Theoretical Lessons, 364 hrs Practical Lessons, 58 hrs Individual Coaching Work and 2hrs Exam).

Students were accommodated in a landmark building, in fully furnished apartments.

Each student received a monthly food allocation so they could organise their food themselves, using the well supplied supermarkets and fast-food restaurants near the accommodation.

The FIE Academy SA had registered an account with Uber and students were able to use it for daily transport.

The 2025 Class had Fencing Academy Graduation Exams in November 2025 in a specific cycle to accommodate different weapons. All students of the 2025 Class successfully graduated.

After finalising exams, a Graduation Ceremony was organised where the FIE Academy SA Diplomas and the FIE Coaching Masters Certificates were presented.

Each graduating student received from the FIE a full set of the coaching equipment.

### 2.2.4.1 Equipment repair course – Johannesburg (RSA)

As part of the 2025 FIE Coaches' Academy in Johannesburg, South Africa, eight students successfully completed training in fencing equipment repair. The programme took place under the direction of Gilles Martinage, armorer for the French national fencing team, who provided insight to the students about assessing weapons, equipment repair, and preparing and controlling weapons for competition.

The FIE Coaches' Academy in Johannesburg, which began in 2018, provides an accredited programme that is an ETA College annual course, with graduates receiving a higher certificate in coaching science. This is a Level-5 qualification internationally recognised through the REPSSA individual registration, enabling employment as a coach, physical education teacher, personal trainer and related professions. FIE Academy SA diplomas and FIE Coaching Masters Certificates are also awarded to graduates.

The curriculum includes all aspects of fencing coaching, including philosophy, health and safety, team management,

sports psychology, exercise science, coaching planning, and coaching techniques for individuals and groups. Like the year-long programme, this equipment repair course was fully sponsored by the FIE.

The students in the equipment programme, eager and attentive to this practical and technical aspect of fencing, took part in multiple hands-on, active assignments with satisfactory and promising results. They attended theoretical lectures on electrical circuitry, after which they applied their training to practicing weapons checks and identifying equipment problems and failures.

The class also helped students learn specific techniques on managing and improving equipment performance and reliability, including optimising tip sensitivity in epees, dismantling and reassembling epees and foils with new wires, how to check electrical jackets (lames) for conductivity using a multimeter, and how to repair any related defects.

The final exercise in the repair course focused on organising weapon control for competitions and how to install and check piste installations using simple, inexpensive tools and methods.

## 2.4 ANTIDOPING

### 2.4.1 Controls

Antidoping measures were maintained throughout the period and 1 case of doping occurred in competitions organised by the FIE.

In-competition tests: 326 urine tests collected.

Out-of-competition tests: Out of the 89 successfully completed tests, 82 collected urine samples only and 7 collected urine + blood serum samples.

29

### 2.4.2 Clean Sport Education

In cooperation with the International Testing Agency (ITA), the FIE provided one-hour, interactive anti-doping webinars available to all athletes, coaches, and officials, prior to the Junior and Cadet World Championships and prior to the Olympic Games.

The webinars took place respectively:

- on March 20, 2025 (62 participants)
- on July 9, 2025 (35 participants)

The programmes were presented in English, French and Spanish and covered key clean-sport topics including prohibited substances, medications and supplements and therapeutic-use exemptions (TUEs).

The webinars were presented by the ITA, by Lazar Mičeta, President of the FIE Medical Commission and by Dr Sabrina Halaimia, Member of the FIE Medical Commission. Attendees received an official certificate of participation as well as a PDF of the presentation and links for useful related resources.

Furthermore, the ITA, in partnership with the FIE, presented three multi-language webinars addressing anti-doping and Clean Sport principles, information and practices for athletes, coaches and federations.

These Clean Sport webinars were part of the FIE educational programmes, and all FIE athletes and coaches were highly encouraged to participate in all sessions; for those who attended, a certificate of completion was awarded.

The programmes, presented in English with simultaneous interpreting in Arabic, Spanish, French, Russian and Chinese, included the following topics at the following dates and times:

- **Session 1, Introduction to Anti-Doping**
  - Wednesday, Oct. 29, 1400-1500 CET
  - Overview of rights and responsibilities; anti-doping rule violations, consequences of doping, and proactive reporting
- **Session 2, The Prohibited List**
  - Wednesday, Nov. 5, 1400-1500 CET
  - Medications, TUEs, and supplements; the principle of strict liability
- **Session 3, Testing**
  - Wednesday, Nov. 12, 1400-1500 CET
  - Includes the testing procedures and the Athlete Biological Passport (ABP), testing pools, and whereabouts

#### Clean Sport Education Stand at the Junior and Cadet World Championships

As part of the FIE anti-doping Clean Sport programme, an educational stand provided information about Clean Sport principles and fencing for athletes and coaches. Interactive games, resources and gifts were provided to encourage participants to learn about this important area of sports. The programme was run simultaneously with the Safe Sport stand.

#### Clean Sport Education stand at the Senior World Championships

In collaboration with the Georgian Anti-Doping Agency, the FIE organised an anti-doping education activity for athletes through the *Play True Quiz*. A total of 200 athletes participated in the quiz, and as a gesture of encouragement, the FIE provided small gifts such as caps and pins. The stand was fully functional throughout the entire competition period, from 22 to 30 July, operating daily from 9:00 to 17:00.

### U14 FESTIVAL

The 2025 edition of the EFC U14 Fencing Festival took place in Istanbul, Türkiye, from 28 to 29 June. This event gathered the continent's most promising young fencers for a celebration of skill, friendship, and international sporting spirit. The Festival brought together 434 fencers.

## ◎ LONDON (GBR)

### MEETING OF THE EQUALITY & DIVERSITY COMMISSION

Following the recent Equality and Diversity Commission workshop held in London, also thanks to some special support from the FIE for empowering women, the European Fencing Confederation has taken a decisive step forward in turning commitment into action. Patricia Aiyenuro, President of British Fencing and a member of the EFC Equality and Diversity Commission, shared her insights on the outcomes of the meeting and the promising direction ahead.

The Commission also plans to highlight the therapeutic benefits of fencing, both physical and mental, which are gaining wider recognition across Europe. These elements form part of a broader strategy to showcase fencing as an inclusive and transformative sport.

With such a motivated and capable team leading the way, the Equality and Diversity Commission is set to play a defining role in shaping a more inclusive future for fencing in Europe.

## ◎ EUROPE

### FENCING FOR EVERYONE PROJECT

In each weapon the EFC organised 4 new EFC tournaments in Europe which were all included in the EFC Calendar for the 2024/2025 season. From the new season 2025/2026 FFE became Eurofence league.

## SOLIDARITY PROGRAMME

## ◎ KALUNDBORG (DEN)

### HISTORICAL FENCING CHAMPIONSHIPS

The first, unofficial, European historical fencing championships took place in Kalundborg, Denmark, marking a significant step in the development of historical fencing as a competitive discipline. Organised by the Danish Fencing Federation (DFF), this pilot event brought together skilled practitioners from across Europe, showcasing a broad range of historical techniques and weapons, including sword and buckler, long sword, military sabre, and rapier and dagger.

## ◎ CYPRUS (CYP)

### EPEE COURSE IN CYPRUS

The first solidarity programme event of the season was hosted in Cyprus with participants from nine countries. The Cyprus Fencing Federation (CFF) provided exceptional hospitality and facilitated valuable knowledge exchange. French expertise was central to the event, with contributions from Hervé Faget (national coach of the French women's epee team, who guided his team to two medals at the 2024 Paris Olympic Games) and Robin Rieu (coach of the French U17 men's team).

## 2.5.2 Asian Fencing Confederation (FCA)

34

### PARTICIPATION OF ASIAN ATHLETES IN 2025 FIE COMPETITIONS

#### GLOBAL CONTEXT

Asian athletes accounted for approximately 21 % of total global participation in FIE competitions in 2025.

In 2025, athletes from Asian countries demonstrated a high level of involvement in international competitions held under the auspices of the FIE.

Based on the analysis of FIE official data and estimated calculations, the total number of participations by athletes from Asian countries in the three fencing weapons (epee, foil, and sabre) exceeded 5,019 in 2025.

Asian athletes actively took part in key international events of the FIE calendar, including:

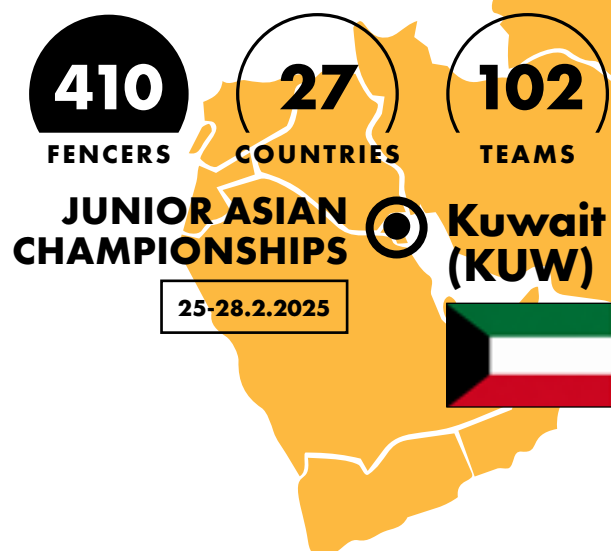

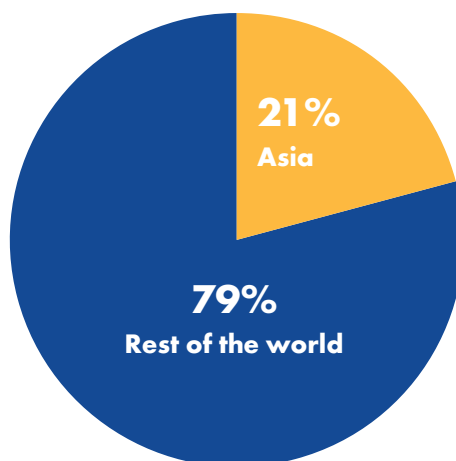

- **World Cups**
- **World Championships**
- **Asian Championships**
- **Grand Prix tournaments**
- **Satellite tournaments**
- **Universiades (FISU World University Games)**

The high level of representation of Asian countries at these competitions reflects the region's sustainable growth, the expansion of participation, and the increasing competitiveness of Asian fencing on the international stage.

### KEY INTERNATIONAL COMPETITIONS AND OFFICIAL MEETINGS OF ASIAN FENCING PRESIDENTS

Throughout 2025, a wide range of major international competitions were successfully hosted under the auspices of the FIE across Asia, spanning all age categories and all three fencing weapons. Asia served as a major hub for FIE competitions, hosting World Cups, Grand Prix events, Asian and World Championships, and Satellite tournaments across all three fencing weapons and all age categories.

## DEVELOPMENT AND MODERNISATION OF THE OFFICIAL ASIAN FENCING CONFEDERATION WEBSITE

### WEBSITE DEVELOPMENT AND CONTENT MANAGEMENT

During 2025, Kamila Mirzaeva was fully responsible for the development, content management, and modernisation of the official FCA website.

Key achievements included:

- Comprehensive updates of all federation data and photographic materials
- Verification and correction of contact information for active member federations
- Replacement of outdated content with accurate and up-to-date information

- Creation and development of new website sections, including:
  - Women's Council
  - FCA Head of Commissions and Councils
  - Anti-Doping section, aligned with international standards
  - Member Federations
- Regular publication of news and official updates
- Ongoing communication with national federations to collect, verify, and update data
- Technical support, image optimisation, and content structuring to enhance usability and accessibility

As a result of these efforts, the website engagement increased, and the FCA website became a more reliable, comprehensive, and frequently visited information platform for the Asian fencing community.

## SOCIAL MEDIA ACTIVITIES AND DIGITAL GROWTH

### SOCIAL MEDIA DEVELOPMENT AND VIDEO CONTENT

Ali Azhar was responsible for social media management and video content production across FCA digital platforms.

Main areas of responsibility included:

- Editing and publishing video content from competitions and official events
- Active coverage of local and regional Asian fencing competitions
- Close cooperation with national fencing federations to promote events and athletes
- Implementation of a continuous posting strategy to maintain platform visibility and audience engagement
- Support and promotion of the FCA Telegram channel

### COMMUNICATION AND COOPERATION

A direct cooperation with national fencing federations across Asia was established and a dedicated communication group for Asian federations was created, enabling:

- Faster information exchange
- Improved coordination
- More efficient content sharing and collaboration
- Strengthened cooperation with the FIE media team, particularly during major international competitions

As a result of these collaborations, FCA content increasingly appears within international fencing media channels, contributing to enhanced visibility and accelerated growth.

### SOCIAL MEDIA GROWTH AND ANALYTICS

As a result of this work, FCA digital platforms have demonstrated significant growth:

#### Telegram

Subscribers increased from **158** to approximately **6,308**

#### Instagram

Followers increased from approximately **3,000–4,000** to **6,502**

Since September, the Instagram account reached over **390,000** new users within a single month

Overall profile activity increased by **62%**

These results demonstrate strong audience interest and the effectiveness of the content and engagement strategy.

## SUPPORT AND ASSISTANCE PROGRAMMES PROVIDED BY THE FCA AND THE FIE

### FIE SUPPORT AND INTERNATIONAL MEDIA COLLABORATION

All FIE's support and development programmes provided to the FCA play a key role in strengthening and advancing FCA activities.

The FIE actively supports the development and promotion of the FCA official website and digital platforms.

At every major international FIE competition, the FIE media team works in close cooperation with the FCA, ensuring consistent communication, content exchange, and mutual visibility.

This cooperation enables the FCA to operate at a truly international level, supported by effective content collaboration across official websites and digital channels.

As a result of these collaborations:

- The reach and visibility of the FCA website and social media platforms have increased significantly
- Content published by the FCA is regularly featured within international information flows
- Athletes, coaches, and fencing communities from Europe and Africa actively visit FCA digital platforms
- FCA digital platforms increasingly appear in international search results and content recommendations, extending visibility well beyond the Asian region
- This integrated media approach contributes to the global recognition of Asian fencing and further strengthens the FCA's position within the international fencing community

### FCA ANNUAL SUPPORT FOR FIE HOMOLOGATED EQUIPMENT

During 2025 the FCA supported 25 countries in acquiring FIE homologated fencing equipment for competitions.

Support was provided according to national needs and included competition pistes, FIE approved maraging blades, and FIE-certified competition uniforms.

37

## CONCLUSION

The combined efforts in website development, social media management, communication, and international collaboration significantly strengthened the digital presence of the FCA in 2025.

Through effective teamwork, strategic planning, and strong support from the FIE, FCA digital platforms continue to grow, expand beyond Asia, and play an increasingly important role within the global fencing community.

### 2.5.3 Oceania Fencing Confederation (OFC)

The OFC currently comprises six full members—American Samoa, Australia, Guam, New Zealand, Papua New Guinea, and Samoa—and two associate members, Tahiti and New Caledonia.

### DEVELOPMENT ACTIVITIES IN 2025

The OFC collaborated with the Sydney International Fencing Camp (SIFC) in January 2025 for an eight-day coaching course and final assessments for the GFM Level 2 Epee participants.

From 3 to 12 January 2025 the OFC coaches worked with the team at the Sydney International Fencing Camp to deliver a Level 2 Professional Development Camp and a Level 2 Assessment in the discipline of Epee.

More than 200 athletes attended the SIFC, where 14 coaches were assessed at Level 2. The camp offered training for athletes and coaching education led by Italian Olympic Coach Enrico di Ciolo. Assessments were conducted by OFC Coach Leon Thomas with Judit Fliszar and Kate Brill from New Zealand.

The OFC has again partnered with the Oceania Fencing Master's Academy (OFMA) and Global Fencing Masters (GFM) for the next few years to deliver courses to OFC members.

In 2025 it was agreed to deliver the GFM Level 2 Online Sabre Course with 20 students from across Oceania participating for 5 months to complete their technical and pedagogical sessions. Assessments to attain their OFMA Level 2 accreditation are planned for early 2026.

The OFC provided funding support assistance for referees to attend FIE Referee examinations in 2025.

### REGIONAL DEVELOPMENT OFFICER REPORT 2025

Leon Thomas, the OFC Regional Development Officer (RDO), visited Guam in May to assist with Guam's first official tournament for the Guam Fencing Federation and provided additional coaching education and training for athletes.

The Organisation of Sports Federations of Oceania (OSFO) and Oceania National Olympic Committees (ONOC) workshops & Annual General Assemblies were held in Guam from 12 to 17 May 2025.

The OFC was represented in Guam by the Regional Development Officer Leon Thomas & past President & OSFO Executive Committee member, Helen Smith.

The Annual General Assembly also included presentations from a representative of IOC Olympic Solidarity, the Pacific Games Council & the Australian Department of Foreign Affairs & Trade regarding its sports diplomacy programme called Pacific AUS Sports. Paul Bird from the Oceania Paralympic Committee also spoke regarding their wish to work more closely with regional federations to help national federations become more inclusive.

The value of attending these meetings each year is always greatly enhanced by the opportunity to meet face to face with the national Olympic committee representatives from OFC's current & potential member federations.

Discussions were held in relation to progressing the provisional affiliation of Fiji Fencing and further engagement with New Caledonia, Tahiti, Samoa, and Papua New Guinea.

The Confederation of Northern Marianas Islands is interested in beginning a fencing group. However, as they do not have an Olympic Council, they would only be an associate member of the OFC. The OFC plans to include them when the RDO next visits Guam.

Plans to visit Samoa for further Federation development were put on hold due to a high-level outbreak of Dengue Fever. The OFC prioritised the safety of attendees and will revisit the initiative when conditions improve.

## OCEANIA CHAMPIONSHIPS 2025

### SENIOR OCEANIA CHAMPIONSHIPS

Hosted in Auckland, New Zealand, alongside the NZL National Championships from June 1 to 3, 2025, the event was attended by OFC representatives Andrea Chaplin, David Elder, and Leon Thomas, with Clayton Ferguson (AUS) appointed as referee. It was a record-sized competition for New Zealand, featuring fencers from across Oceania as well as participants from other countries around the world.

- Oceania referees were selected to officiate at FIE events, including World Cups, Junior World Cups, Satellites, Grand Prix, and Asian Championships.
- One OFC referee successfully obtained FIE B Licence in 2025.
- Four of six Oceania federations were represented at the FIE Congress in Manama, Bahrain (November 2025) by either a delegate or proxy.

## SUPPORT FROM THE FIE

- The OFC acknowledges the FIE Sports Department's assistance with the 2025 Material Aid Program, which provided equipment grants to Papua New Guinea, Australia, and New Zealand.
- The OFC acknowledges the support the FIE provides to athletes of Federations in attending Junior and Senior World Championships.
- The OFC is deeply grateful for the administrative and technical support provided by the FIE Interim President, the CEO, and the FIE staff and looks to work closely with them on the development of fencing in the Oceania Zone in 2026.

## 📍 ALGIERS (ALG)

### FIE REFEREEING EXAMS

On 23 August 2025, to help with the preparation of candidates for the 2025 Refereeing Exams, the FIE Refereeing Commission organised a webinar for all three weapons.

2025 Refereeing Exams were organised by the FIE Refereeing Commission in Alger, Algeria from 11 to 14 September 2025.

### EQUIPMENT GRANTS

The CAE National Federations applied for and received sets of equipment funded by the FIE from recognised FIE suppliers for a total value of 6,000 CHF per country, including shipment.

### IOC GRANT

African fencers face challenges in accessing regular high-level international training and competitions, impacting their performance in global events. The Dakar 2026 Youth Olympic Games represent a strategic opportunity to showcase and develop African fencing talent. IOC granted funding for the development project Dakar 2026:

- Project Title: Preparation Programme for African Fencers Towards the Dakar 2026 Youth Olympic Games
- Project Duration: October–December 2025
- Project Location: Istanbul (Türkiye), Hammamet (Tunisia), Burgos (Spain), Lagos (Nigeria)
- Beneficiaries: 18 athletes (9 women / 9 men) from Africa. All participants from different African countries, one per country.
- Sports Discipline: Fencing (Foil, Epee, Sabre)  
General

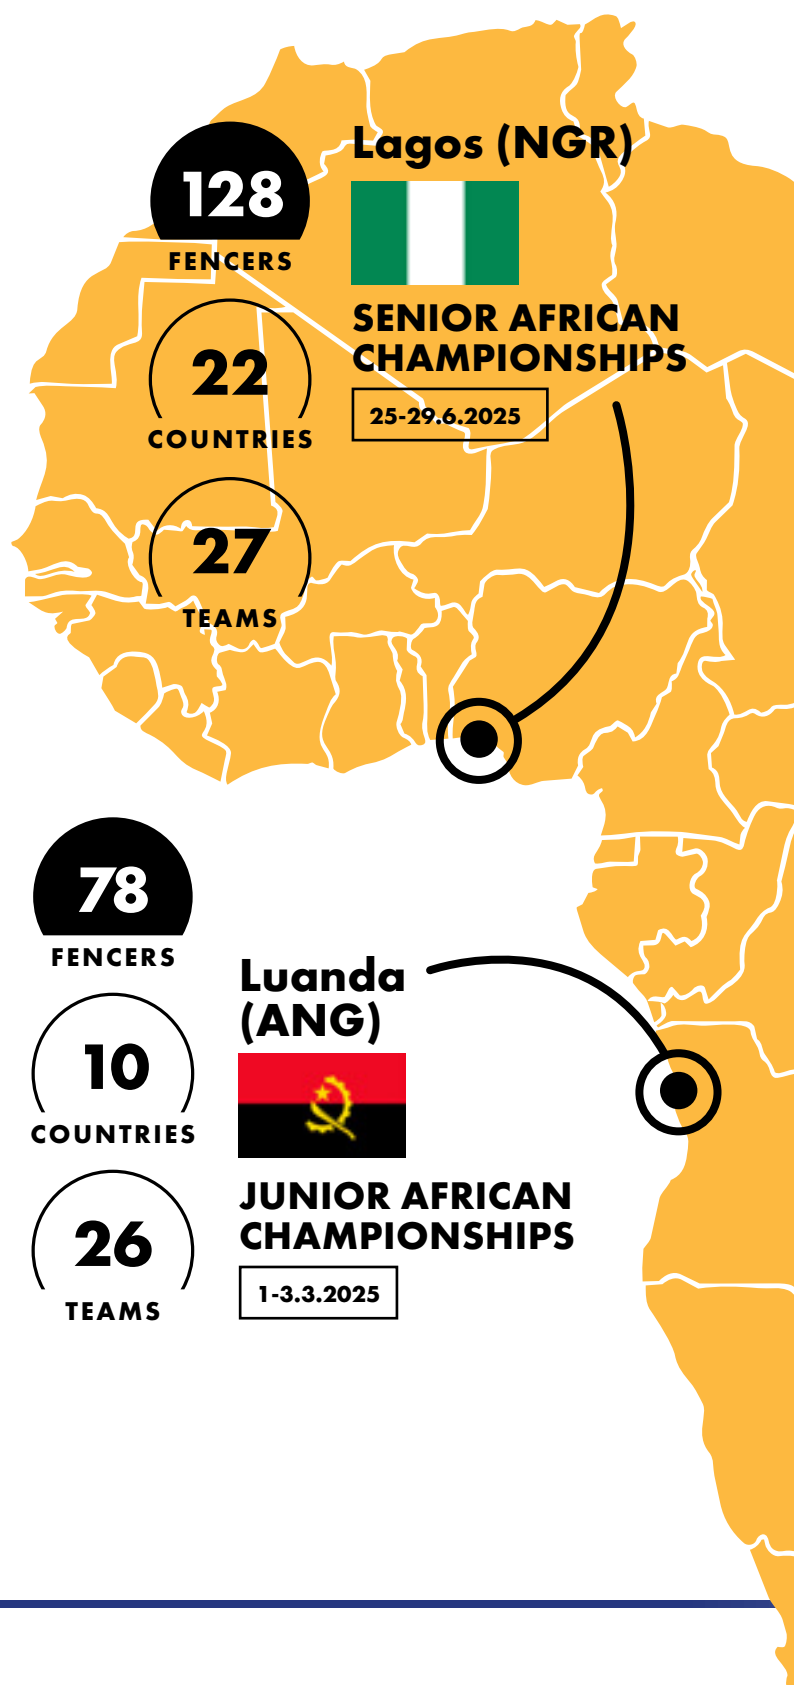

Project aim: Strengthen the technical, tactical, and competitive capacity of African youth fencers in preparation for Dakar 2026.

## FIE TRAINING CAMPS

The FIE traditionally organises Training Camps before the Senior and Junior and Cadet World Championships in all three weapons.

Fencers from different African countries participated at each of these camps.

Usually five (5) African Fencing Federations send their athletes to the training camps based on a rotation basis that is applied.

## ORGANISATION OF AFRICAN CHAMPIONSHIPS

### 📍 LUANDA (ANG)

#### JUNIOR, CADET AND U15 AFRICAN CHAMPIONSHIPS

**1 to 3 March 2025**

### 📍 LAGOS (NGR)

#### SENIOR AFRICAN CHAMPIONSHIPS

**25 to 29 June 2025**

Participation numbers of African countries in all competitions were very low, and this is something that Fencing Federations must improve.

The details presented were circulated to all federations following the Congress for further analysis

## PARTICIPATION IN FIE WORLD CHAMPIONSHIPS, WORLD CUPS, GRAND PRIX AND SATELLITE COMPETITIONS

African fencers participated in numerous World Cups, Grand Prix and Satellite competitions around the world. They also participated in the FIE World Championships:

- 2025 Junior and Cadet World Championships in Wuxi, China
- 2025 Senior World Championships in Tbilisi, Georgia

As a result, African fencers are highly ranked on the FIE ranking lists.

### 6.2 Dakar 2026 Youth Olympic Games Preparation Support for African Fencers

A dedicated support project is underway to assist young fencers from African countries on their road to Dakar YOG 2026. Activities are structured around participation in Junior and Cadet World Cups combined with a one-week training camp prior to each competition.

Actions implemented in 2025:

- 4 foil fencers supported for Istanbul Junior and Cadet World Cup, accompanied by a coach, with a one-week training camp before the competition.
- 4 sabre fencers supported for Tunis Junior and Cadet World Cup, accompanied by a coach, with a one-week training camp before the competition.

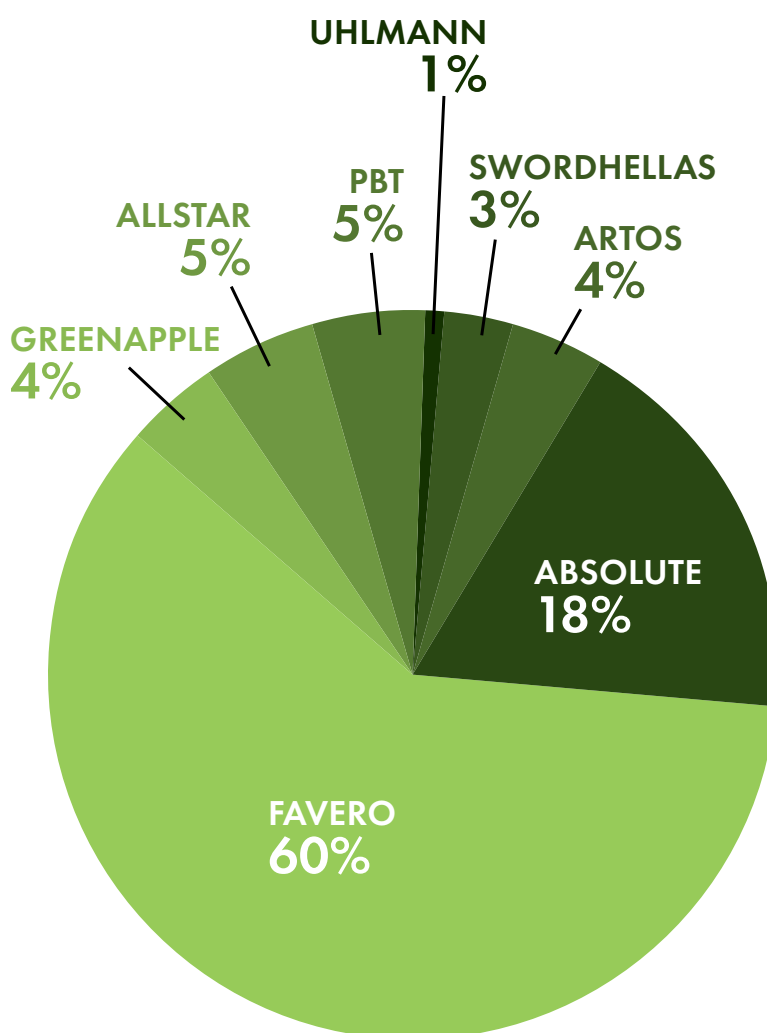

## 3.2 EQUIPMENT AID

50

The 2025 Material Aid Programme has a total budget of 600,000 CHF. The allocation is 6,000 CHF per National Federation (NF), for a total of 105 NFs.

All equipment provided under the programme must be FIE homologated for competitions. The main objective of the 2025 edition was to support developing National Federations in the delivery of FIE events. For this reason, it was decided to prioritise the delivery of FIE homologated scoring machines (ideally the Favero FA-07 model) and FIE homologated pistes.

Orders were placed through the following suppliers/manufacturers: Absolute Fencing, Allstar, Artos, Favero, PBT, Rana Kilit, Sword Hellas, Leon Paul, and Uhlmann. A limited number of exceptions were approved where certain countries requested personal equipment and/or blades, which were delivered accordingly.

### Manufacturer's orders allocation

#### Programme timeline and implementation

- February: invitation sent to the confederations
- April: confirmation of selected countries and receipt of most wish lists
- May: orders submitted to manufacturers for preparation
- July onwards: shipments started and continued throughout the second half of the year

#### Status of orders (as of December 2025)

- 93 orders were confirmed and have been shipped or are in the process of delivery
- 8 orders are still pending confirmation from the National Federations
- 4 additional countries proposed by the European Confederation were not approved, as they were not considered development countries and therefore could not be included in the final list of beneficiaries (France, Italy, Germany and Hungary).

#### Reporting requirements

It was requested to Confederations and National Federations to provide reports on the reception of the equipment and the use it has been given. Some federations had already submitted the reports but many of them are still pending.

### Selection process and equipment options

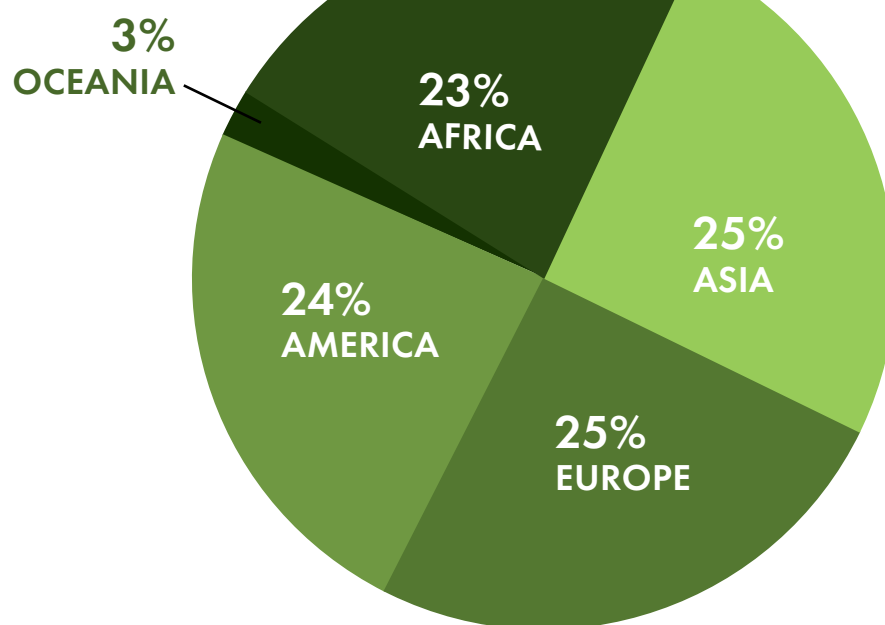

The FIE requested each Confederation President to submit a list of 25 countries to receive equipment, as well as the desired equipment for each country. Two standard package options were proposed:

- Pistes package: up to 2 aluminium or rubber pistes (within the allocated budget)
- Scoring package: up to 7 Favero FA-07 scoring machines, including cables and reels (final quantities may vary depending on shipping costs)

NFs were allowed to select equipment from one or more suppliers and mix items, provided that:

- all items were FIE homologated/ approved, and
- the total remained within the allocated budget

In exceptional cases, orders for blades or clothing were accepted.

Regional budget allocation

### Approval process

All orders were reviewed and approved by a designated member of the Executive Committee assigned to support the Sport Department with the Material Aid Program, following the request from the NF and before purchase and shipment were initiated.

## 3.3 ASSISTANCE TO NATIONAL FEDERATIONS AND CONFEDERATIONS

**1.** Since 2009, the FIE has implemented a special aid programme for NF athletes participating in Senior Zonal Championships and World Championships (Junior, Cadet and Senior).

For each National Federation taking part, all the confederations received a subsidy intended to cover expenses (plane ticket and hotel) for an athlete entered for:

- the Junior and Cadet World Championships
- the Senior World Championships
- the Senior Zonal Championships

**2.** Each National Federation was awarded a free credit of 20 licences on the FIE website.

**3.** All entry fees (individual entry fees and team entry fees) for the 2025 Senior World Championships in Tbilisi (GEO) were paid directly by the FIE to the organisers. National Federations did not have to pay any entry fees.

**4.** A subsidy for the organisation of Junior and Senior Zonal Championships was paid to the organising NFs.

**5.** A subsidy for the participation of the first delegate to the FIE Congress was paid to the NFs.

**6.** All confederations received an annual subsidy and a subsidy for the development of women's fencing.

**The full amounts are published on the FIE website in the Federations and Confederations Development Plan.**

## 3.4 FENCING FOR THE PLANET

52

The 2025 edition of Fencing For The Planet Day coincided with the Wuxi Junior and Cadet World Championships. FIE officials were hosted at a local school where students and members of the Chinese Fencing Federation symbolically planted a tree to emphasise shared support and commitment to the FIE's sustainability and environmental initiatives. The event was covered on both FIE's website and social media channels.

In addition, a Fencing For the Planet roundtable took place at the Senior World Championships in Tbilisi, Georgia, hosted by the FIE Fencing and Environment Working Group. As part of this campaign, 30 Colchian pheasants were released in the Krtsanisi Forest Park. The activity was carried out by the Ministry of Environmental Protection and Agriculture of the Georgian National Agency of Wildlife.

## 3.5 DONATE YOUR FENCING GEAR

The Donate Your Fencing Gear! programme hosted a stand during the Junior, Cadet and Senior World Championships, receiving donations from generous athletes and coaches to be distributed to recipient nations in need. Nations submitted bids and proposals to the FIE to be eligible to receive good quality, used/recycled fencing gear.

"This year the Donate Your Fencing Gear! Programme showed how fencers, coaches and manufacturers around the world are in the heart of promoting our beloved sport", said Samer Hashem, FIE SEMI delegate in charge of checking the quality of equipment received.

Multiple individual fencers donated equipment in Wuxi (CHN), complemented by donations from the founder of Azza Fencing and Tunisian Olympian Azza Besbes, who gave 100 pairs of fencing shoes, and Absolute Fencing, which provided 30 development kits and 10 fencing bags. Beneficiaries in Wuxi receiving equipment included representatives from El Salvador, Kyrgyzstan and Oman.

The programme was replicated in Tbilisi (GEO) during the Senior World Championships. Lee Kiefer and her coach have once again donated fencing gear as part of the FIE's Donate Your Fencing Gear programme.

## IN MEMORIAM

The International Fencing Federation has been affected by the loss of several friends, and it is with deep sadness that the FIE has learned of the passing of:

### Pierre Abrie (FRA) 1943 – 2024

Pierre Abrie (FRA) at the age of 81.

He was President of the French Fencing Federation (FFE) from 1984 to 2004, then Honorary President. During his tenure, he played a key role in developing fencing and French fencers won 20 medals at major competitions including the Olympic Games, World Championships and European Games.

Abrie also held significant positions in French sports, including serving as Vice President of the French National Olympic and Sports Committee (CNOSF), where he worked to support and develop sports in France nationwide. In this role, he worked with many French sports federations and was the chief of mission for France at the 1996 Atlanta Olympic Games.

His achievements were recognised in France, notably in 1996 when he was named “Chevalier de la Légion d’Honneur”, one of the country’s highest awards, for his work in the administration and development of French sports, his influence in the supervision of athletes and his achievements in promoting fencing. Abrie was a founder of the European Fencing Confederation and served as a Vice President during its formative years and later Secretary General, providing it with essential logistical and material support from the FFE. In 2023, the EFC named Abrie an “Honorary Member”.

Abrie was a physiotherapist by profession.

## Jacques Guittet (FRA) 1930 - 2025

Jacques Guittet (FRA) at the age of 95, born on January 12, 1930, in Casablanca, Morocco.

He was a four-time gold medallist at the World Championships, including an individual title in 1961 in epee. Guittet earned a bronze medal at the 1964 Tokyo Olympic Games in men's team epee and competed in the individual event, and he also participated in the 1960 Rome Olympic Games (team and individual). At the 1959 Beirut Mediterranean Games, he earned gold medals in team epee and foil as well as individual epee.

Guittet was the President of the French Fencing Federation from 1977 to 1981. During his tenure at the FFE, he modernized fencing in France and successfully introduced computer technology to the sport.

In 1959, he was named a Knight of the Order of Sporting Merit, and in 2015 he was received as a "Glory of Sport" at the Maison du Sport Français in Paris by the Association of French Sports Internationals. Guittet practiced fencing at the Racing Club de France.

He was a graduate of the Ecole Nationale Supérieure des Mines de Paris and worked as an engineer at the Atomic Energy Commission (CEA).

## Marie-Chantal Demaille (FRA) 1941 - 2025

Marie-Chantal Demaille (FRA) on February 18, at the age of 83, a World Championships and Olympic fencer, French national coach and fencing master. She was born on Dec. 17, 1941, and competed in the Tokyo 1964, Mexico City 1968 and Munich 1972 Olympic Games in foil. She won individual gold medals at the 1971 World Championships – the second French female fencer to win a world title – and the 1971 Mediterranean Games.

An accomplished veteran fencer, later in her life Demaille earned 22 Veteran World Championships titles (in foil and epee) as well as three gold medals in three weapons at the 2019 Cognac Veteran European Championships.

Over her exceptional and distinguished competitive career, she won seven World Cups and two French national titles, with a total of 41 world medals including 24 individual and two team golds, 8 individual and one team silvers and 5 individual and 1 team bronzes. In addition, she earned 36 European medals including 16 individual and 7 team golds.

Demaille was appointed French national coach in 1988, serving until 1991 as, at that time, the first and only woman to date to hold this role. She was also a member of the French National Commission for women's foil.

"Fortunately, mentalities and the place of women in sport have evolved", she was quoted as saying. "I worked hard to be recognised."

In 1986, Demaille became a French national referee in foil, and then also in epee in 1996, while at the same time earning a Master-of-Arms diploma in Artistic Fencing. From 1987 to 2004, she supervised fencing master training courses in multiple countries. While reaching retirement age in 2001, she nonetheless continued managing programmes such as the Vaucluse departmental fencing committee (2002 to 2018) as well as serving as Vice President of the Provence fencing league (2004 to 2008), trainer at

the B.E. "Artistic Fencing" within the regional Commission, member of the regional Commission "Leisure Veteran Fencing", and ultimately joining the national Veterans Commission at the FFE (2003 to 2008).

Among her numerous lifetime awards, recognition and decorations, notably, she is the namesake of the fencing hall of the club Escrime Cercle de Montoux (Vaucluse), of which she was the founder. She was awarded Deutsch de la Meurthe Prize in 1972, the 1980 Gold Medal of the Ministry of Sports and Youth, the title of Chevalier de La Légion d'honneur as French national coach in 1991 and, 10 years later, received the Palmes Académiques. In 2023, the Academy of Fencing Masters awarded her the "Golden Sword" as a French fencing master.

As recently as 2023, she hosted veteran fencing clinics, helped veterans prepare for World Championships until 2024 and, also in 2024, carried the Olympic flame.

"When you have self-esteem, you can surpass yourself", she said. "It is a consequence of my education, my encounters, my values, a sporting ethic and honesty. I give back to sport what it gave me."

## Farhad Kasimov (AZE) 1964 – 2025

Farhad Kasimov (AZE) on March 1. Since 2017, he served as Vice President of the Azerbaijan Fencing Federation.

Kasimov was born on June 2, 1964, in Baku. A fencer since he was eight, he grew to win a gold medal at the Azerbaijani Championships in men's sabre, going on to become a candidate for the USSR senior national team. He earned medals in several international tournaments held in Hungary, Romania and Belarus. He participated in several Veteran World Championships, including earning a bronze medal in men's 50-59 sabre in Straslund, 2016.

Following his athletic and competitive career, he coached fencing in Russia, Canada and the USA.

While holding his high-level position in the Azerbaijan Fencing Federation, Kasimov was recognised for his dedicated work with junior and young athletes, playing an important role as part of a national system contributing to developing young coaches for the country.

## Souhail Ayoub (LBN) 1934 – 2025

Souhail Ayoub (LBN), also known as Souhail Saad, born on February 19, 1934, in Chiah, Beirut.

Until his passing on January 9, 2025, at the age of 91, he was renowned as the oldest active fencer in the world and still competing nationally and internationally, "with remarkable energy and passion", according to a statement from the Lebanese Fencing Federation. He competed in foil at the 1968 Mexico City Olympic Games, and at age 86 fenced in the 2019 Cairo Veteran Fencing World Championships in 70+ men's foil, where he reached the elimination rounds.

As late as last year, Ayoub was preparing to compete in the 2024 UAE Veteran Fencing World Championships, which he unfortunately missed for personal reasons.

Ayoub earned numerous accolades and medals at national and Arabic Championships, coached weekly at leading clubs in Lebanon and was an inspiration to many generations of fencers.

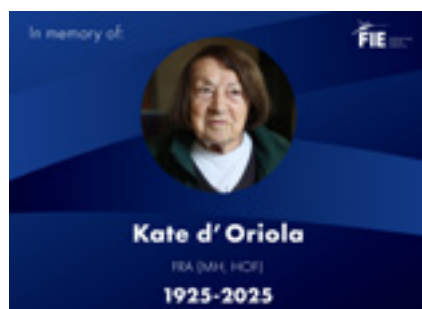

"His lifelong dedication to fencing remains an enduring example of resilience, longevity and sporting excellence", the Federation said.

## Ryszard Szczepanski (POL, MH) 1955 - 2025

Dr. Szczepański was a medical delegate to the Veteran Fencing World Championships (2002, 2003, 2009), Chair of the FIE Medical Sub-Commission on Epidemiology (2001-2004) and in 2009 authored a report on biomechanical and neuromuscular causes of injury.

A member of the Polish Fencing Federation Board, Dr. Szczepański served for many years as the official Federation physician. He was a surgeon and specialist in sports medicine, responsible for the Polish national team from 1996-2008, notably providing medical supervision for World and European Fencing Championships. His published works included topics addressing athlete injuries as well as the use of prohibited substances in sports.

## Kate d'Oriola (FRA, MH, HOF) 1925 - 2025

Catherine "Kate" d'Oriola, born Delbarre, passed away on 14 June, a few days after celebrating her 100th birthday. Kate d'Oriola was named a Member of Honour of the FIE by the Congress held in 2008, then a member of the FIE Hall of Fame in 2014.

Born on 8 June 1925 in Calais (France), she was silver medallist in team foil at the World Championships in 1952 (Copenhagen), 1953 (Brussels), 1955 (Rome) and 1956 (London). She was bronze medallist in the team foil event at the 1954 (Luxembourg) and 1958 (Philadelphia) World Championships. She was ranked fifth in individual foil at the 1956 Melbourne Olympic Games and fifth in team foil at the 1960 Rome Olympic Games.

She was captain of the French women's foil team in the 1970s, which won a silver medal at the 1976 Montreal Olympics and a gold medal at the 1980 Moscow Olympics.

She was a member of the FIE Rules Commission from 1974 to 1993 and served on the Directoire technique at the 1988 and 1992 Olympic Games and several World Championships.

In 1971, she married the foil fencer Christian d'Oriola (FRA, MH), who had won 19 individual or team, world and Olympic medals: 12 gold and 7 silver.

On her 100th birthday, the French Fencing Federation paid a vibrant tribute to Kate d'Oriola: "A woman of character and rigour, Kate was also involved in community life: President of the FFE's Women's Technical Commission, member of the Rules Commission and a member of the Directoire technique at the Olympic Games and World Championships. Kate Delbarre-d'Oriola remains a 'living memory of fencing' and a source of inspiration for all. On 14 May 2024, she had the honour of carrying the Olympic flame in Montpellier, a powerful symbol of her sporting and human heritage."

## David Manuel Shalit (GBR, MBE) 1930 - 2025

David Manuel Shalit (GBR, MBE) passed away on July 9. Born on Sept. 5, 1930, he officiated at the 1948 London Olympic Games at the age of 17 and was one of the youngest-ever Olympic judges.

Shalit became a competitive junior sabre fencer, having joined the London Fencing Club also at age 17. He won a silver medal at the 1948 British junior sabre championship, followed by another silver at the senior British sabre championship in 1949. Also in that year, he achieved fifth place at an international sabre competition in Antwerp, Belgium.

In an interview in 2024, Shalit said, "Fencing was the first thing I was good at. It gave me confidence."

At the World Maccabiah Games in 1950, Shalit was on the British team, winning the sabre and epee team events, and taking second-place in team sabre. His competitive career subsequently finished due to injury.

Professionally, in the late 1950s, Shalit worked on an accounting audit team for the Bank of England, and later worked on a project updating the accounting and warehousing systems of the Oxford University Press. He was awarded the "Most Excellent Order of the British Empire" title by Queen Elizabeth in 2015 for "services to the City of London Corporation and voluntary service to Older People in London".

## Veselko Dimitrov (SRB) 1971 - 2025

Veselko Dimitrov (SRB), elite fencing coach who contributed significantly to international fencing and the global fencing community, passed away in 2025. He served as a member of the European Fencing Confederation Executive Committee from 2018 to 2021.

Dimitrov worked as a head coach for multiple national teams in FIE competitions throughout the world, including coaching multiple generations of athletes from Serbia, Slovenia, Tunisia, Saudi Arabia and Nepal. Most recently, in the past six months he worked as a coach with young fencers in Ahmedabad, India.

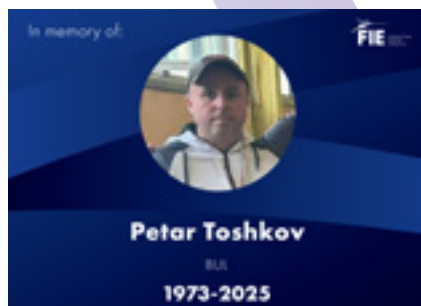

"He was also an innovator – a coach whose ideas were often ahead of their time, always searching for new ways to advance the sport he loved", said Vukašin Stošić, Serbian Fencing Federation Secretary-General. "His vision and energy left an indelible mark on world fencing. 'Duma' will be remembered not only as an outstanding coach, but also as a man with a special charm, humour and openness that won people over as easily as his knowledge did."

He also served as technical Director and as part of the technical staff for numerous FIE international events and European competitions.

Veselko Dimitrov was born in 1971 in Zrenjanin, Serbia, a city where fencing dates back to 1890 and was for many years a centre of fencing for the country. As a competitive fencer for the Omladinac Fencing Club there, he won the national championship title for Yugoslavia several times and was a member of the national team. It was there that he also began his long and notable epee coaching career.

He authored the first – and, so far, only – modern fencing coaching handbook in Serbian language.

"Wherever he went, he built bridges", stated Tesch. "He carried with him not only knowledge, but also the passion and human warmth that inspired athletes and colleagues alike."

## Petar Toshkov (BUL) 1973 – 2025

Petar Toshkov (BUL) passed away on September 9. An international epee fencer, national team member and coach, he was born on Sept. 24, 1973, in Sofia, Bulgaria, and competed and coached successfully in Europe and worldwide.

As a competitive fencer, Toshkov won the 2006 Belgrade Trophy, a silver medal in the 2006 Belgrade World Cup, a bronze medal at the 2005 Tehran World Cup and was a silver medallist at this year's Plovdiv Veteran European Championships. He was a member of the Bulgarian national team and contributed to the development of epee in Bulgaria.

"Peter Toshkov leaves a lasting mark in fencing", said Velichka Hristeva, FIE Executive Committee member and Bulgarian Fencing Federation President. "He will be remembered with respect and gratitude by his colleagues, students and the international fencing community."

Toshkov coached and competed with several clubs across several nations. In Serbia, he competed for Red Star Belgrade, where he was recognised as one of the club's leading epeeists. He competed and coached at the Red Deer Fencing Club in Alberta, Canada, where was a medallist in the Canada Cup and regarded as a respected mentor in the local fencing community. In the USA, Toshkov collaborated with several clubs, notably including the Zeljković Fencing Academy in Philadelphia, New Jersey. In recent years, he was actively part of Sofia, Bulgaria's Royal Glory Fencing Club, where he was both a competitive fencer and coach.

Toshkov was a graduate of the National Sports Academy in Sofia.

"As a coach, he shared his knowledge and passion for fencing ... fostering young talent and contributing to the growth of our sport", stated Hristeva.

## Richard Worden Pew (USA) 1933 - 2025

Richard "Dick" Worden Pew (USA) passed away on October 2 at the age of 92 and was born on April 22, 1933, in New York. He was an American epee fencer who tied for fourth place at the 1956 Melbourne Olympic Games.

Pew began fencing at Cornell University, under Coach Georges Cointe, where he won consecutive Eastern Intercollegiate titles in 1954 and 1955, serving as the team's co-captain to help win the (U.S.) Intercollegiate Fencing Association's three-weapon crown. In 1955, he was runner-up at the

NCAA Championships and, in 1980, Cornell University inducted him into their Athletics Hall of Fame.

USA Fencing, in an official statement about Pew, said he "set a standard that still inspires our epee community".

In 1964, Pew stated in an interview that "Some good friends of mine at Cornell were fencers. I decided to give the sport a six-month trial", after which he never considered quitting fencing.

## Camilo Bory Barrientos (CUB) 1971 - 2025

Camilo Bory Barrientos (CUB) passed away on September 28 and was born in Santiago de Cuba on October 28, 1971. An epee fencer, he competed with the Cuban national team for almost two decades and participated in more than 80 international competitions, and won the gold medal in men's team epee at the 1993 World University Games in Buffalo, New York, USA.

In all, Barrientos earned 27 national and more than 40 international medals. He won five Pan American Games titles both individually and in team events, three gold medals at the Central American Games and seven World Cup medals.

In 2008, as part of an agreement between the Cuban Fencing Federation and the Italian Fencing Federation, Barrientos relocated to Taranto, Italy, where he trained and coached children and teenagers at the Taranto Fencing Club until the time of his passing.

The Cuban Fencing Federation stated, "Camilo was a very important athlete for us, and he will be missed and appreciated by Cuban Fencing. We cherished all of his achievements and contributions, we have lost another great athlete from our federation." A statement from the Taranto Fencing Club said he was "...a mentor, teacher and guide for the hundreds of young people privileged to have known him... his passion for fencing spurred the growth of an entire sports community, instilling values of respect, commitment and loyalty".

The Italian Fencing Federation, in a statement mourning his passing, quoted Barrientos from a previous interview, saying, "In the gym, we are united, we work together and in peace. We put in the effort and enthusiasm, and that's how we move forward. Like a family."

**We express our sincerest condolences to the bereaved families and federations of the deceased.**
