BID QUESTIONNAIRE

FOR ORGANISATION

OF THE VETERANS

FENCING WORLD CHAMPIONSHIPS

IMPORTANT INFORMATION FOR BIDDING FEDERATIONS

- ❖ The FIE assigns the organisation of the Veteran's World Championships to the National Federation of the host city. This federation will create a Veteran's World Championships Organising Committee, which, coordinating at all times with the National Federation, will, from its inception, communicate directly with the FIE, from whom it receives its instructions.
- ❖ FIE World Championships and other official FIE events are only assigned to National Member Federations who ensure free access to competitors and officials and whose Organizing Committees commit to send invitations to all the Federations having the right to take part, and who do everything in their power to obtain the visas needed.
 - ❖ The Organising Committee must comply with all the FIE Rules, Statutes, Administrative Rules and the Handbook of Regulations of the FIE from its inception up until its dissolution. The member Federation which applies as a candidate to organise congresses, official competitions, or any other FIE international events will document that the organizer will use all means to enable all the member Federations to take part in those events, without any discrimination whatever.
- ❖ The FIE retains the right of final say on all questions pertaining to the Veteran's World Championships.
- ❖ The bid must be sent by the national federation and reach the FIE Head Office **two (2) years before** the date of organization of the Veteran's World Championships, before the Congress. On this occasion the candidates will be announced.
- ❖ The complete file of candidature must reach the FIE Head Office before the 1st of September.
- ❖ The bid procedure has to take place according to the FIE statutes
- ❖ The Organising Federation must have received a written agreement from its national authorities guaranteeing the granting of visas to all the participants of the member national federations of the FIE.
- ❖ As specified on the relevant articles of the questionnaire it is obligatory to present plans and dimensions of all the competition venues attached to this document.
- ❖ One or two delegates from the FIE and/or Veterans Council will supervise the competition preparations with the Organising Committee's cooperation and support. If necessary this supervision will begin with one visit on site far in advance of the competition and before presentation of the candidacy to the Congress, then a second one after the acceptance. Transportation and accommodation costs for these two visits will be borne by the federation bidding for the Veteran's World Championships.

Do you herewith accept the presented FIE bidding rules, procedure and specified special requirements? YES ☒ NO ☐

Oggetto: Sostegno alla candidatura della Città di Livorno per i Campionati del Mondo Master di Scherma – Edizione 2029

La Città di Livorno, da sempre legata alla tradizione schermistica italiana e internazionale, accoglie con grande interesse la proposta della costituenda società sportiva, guidata dal Dott. Ing. Giulio Paroli, di candidare la nostra Città quale sede dei Campionati del Mondo Master di Scherma 2029.

Riteniamo l'iniziativa di straordinario valore sportivo, culturale e turistico, in linea con la vocazione internazionale di Livorno e con il suo impegno a promuovere eventi di alto profilo. La competizione rappresenta un'opportunità concreta per valorizzare il patrimonio schermistico della Città, che ha dato i natali ad atleti di fama mondiale, e per generare significative ricadute economiche sul territorio, grazie alla prevista presenza di oltre 1.500 partecipanti tra atleti, tecnici e accompagnatori.

La location individuata, il Modigliani Forum, rappresenta una struttura di eccellenza già collaudata in occasione di eventi sportivi e culturali di rilievo nazionale e internazionale, perfettamente adeguata per ospitare un evento di questa portata.

Con la presente, l'Amministrazione Comunale di Livorno esprime il proprio appoggio formale alla candidatura e manifesta sin da ora la disponibilità a garantire la collaborazione istituzionale, sia in fase organizzativa sia nel corso dell'evento.

Siamo convinti che la candidatura di Livorno, una delle capitali storiche della scherma, meriti attenzione e sostegno da parte della Federazione Internazionale. Un eventuale riconoscimento contribuirebbe a confermare il prestigio della città nel panorama sportivo internazionale.

Livorno, città aperta al mondo, culla di campioni e di bellezza, è pronta ad ospitare un'edizione straordinaria del Mondiale Master di Scherma 2029.

Cordiali saluti

Il Sindaco
